(Contract by a lump-sum payment is accepted) 3. Contract by installment (all payments) will be available, if the "period of stay" is more than 27months from the day of subscription.
		Additional handset purchase	Even if you already have two or more installment contracts with SoftBank Mobile, in case more than 6 months have passed since the day of the most recent purchase of your handset (s), up to one new install payment contract will be applicable only for iPhone3GS and iPhone4. *Please contact our SoftBank Customer Center157, if you are unfamiliar with the number of your installment contract.
<input type="checkbox"/>	Contract of minors	New subscription, Additional handset purchase	If the contractor is a minor (12years or older and under 20years), completion of Parent/Legal Guardian Authorization Form is required. Please fill in the Parent/Legal Guardian Authorization Form attached to the latest catalogue. Please check the sales shop for the latest form.
<input type="checkbox"/>	Others	common	•Contract of line or installment, according to the result of the inspection by SoftBank Mobile may be rejected, or requested some changes. •Registration of the handset (iPhone) is required at the shop, when making a contract only for the USIM card. or microUSIM. If the handset is acquired illegally such as with crimes like stealing or fraud, or the customer neglects or is likely to neglect the payment, the provision of 3G service with the handset (iPhone) may be limited. •Depending on the contract history, "Value Program (i)" may not be applicable.

Please check and agree to the following items before purchasing iPhone.

Mac/Windows® PC and internet access is required. Some of iPhone functions will not be available without computer/internet, such as ...

iPhone OS upgrade and the back-up of iPhone data (contact info etc.) .

Mac/Windows system requirements are described below.

- Mac OS X 10.4.11 or later / Windows®7, Vista, XP (SP2)
- iTunes 8.2 or later
- High-speed internet

Wireless LAN is required, in order to download music and images etc from iTunes without PC connection (Mac or Windows® PC) .

USIM Card (for iPhone use only) is required.

- USIM Card (for iPhone use only) will not activate with SoftBank 3G.
- The USIM Card exchange handling fee (¥ 1,995 including tax) will be required to reissue the USIM Card or to change the device to Softbank 3G.

SMS/MMS/E-mail (i) services etc. are provided.

- MMS/E-mail (i) services will be activated after setting by following the "MMS/E-mail (i) setting manual".
- Any set-up or the mail address can be changed from "My SoftBank". Please log into My Softbank from SMS message, which will be sent by Softbank Mobile (sender:940001) after the purchase.
- Document with initial mail address, user ID and password to login "My SoftBank", and server information will be given to the customer. (Similar notice will be sent by SMS after the contract.)
- SMS/MMS services with the phone number can be used without any set-up.
- The decoration mail service will not be available on the MMS service.
- Please see the "SERVICE & PLAN GUIDE", which is provided on the SoftBank web page for more details of the mail service specification.

Note in setting Wi-Fi.

- After Wi-Fi is set up, the device will be connected to Wi-Fi prior to 3G. Depending on the stability of connection, however, it may be automatically connected 3G instead of Wi-Fi.

The internet sites can be filtered by installing Yahoo! Safety Net from App Store (free of charge) and restricting Safari*.
*Web browser for iPhone

- If the contractor or the user is a minor, the internet sites need to be filtered in principle. Also, the Parent/Legal Guardian must set up the filtering function.
- Please refer to the "iPhone Filtering Set-up Manual," which is provided in the shop or on the SoftBank web page (<http://mb.softbank.jp/mb/iphone/>) for setting up the filtering function.

Some services are not available with iPhone.

- Yahoo! Keitai / S! Basic Pack / Backup Service Package / Basic Option Package / Business Basic Pack / Business Basic Pack Plus / Easy Business Mail / Voice Mail Plus / S! Information Channel / S! Address Book Back-up / Web Safety Service / Ichi Navi / S! Friends Status / Video Call / 64K Digital Data Communication / Mobile Data Communication (Packet Communication Service) / Access Internet / Disaster Message Board (Message Registration only)
- Paid contents or S! Address Book Back-up data will be deleted.

Extra benefits for New Super Bonus will not be provided.

iPhone warranty includes the standard Warranty service (free of charge) and AppleCare Protection Plan (charged) .

Fees vary according to level of damage in either services. Although SoftBank Shops provide repairs, there is no warranty service that SoftBank Mobile provides independently.

- Severe damage (totally destroyed etc.) , or small damage (water damage, corrosion of connector, several scratches on the display, or dent etc.) is not covered in warranty, and the handset will be replaced with charge ,regardless how long the service period remains.
- Proved functional failure either with or without small cosmetic issues (the daily light scratch etc.) will be covered in warranty, if the handset is in the coverage period.
- "AppleCare Protection Plan Certificate" containing the details of your APP coverage will be sent to you after joining APP. Please keep your APP certificate.

Changing of the specifications of services.

- Please check the latest information on service specifications from "My SoftBank" regularly.

Cancellation.

- Please be aware that cancelling of handset will not be accepted.

Required to join "Unlimited Packet Discount Flat" or "Unlimited Packet Discount for Smartphone" and "S! Basic Pack (i)" .

- On additional purchase of a handset, the discount will be applied retroactively from the month of purchase.
- Communication speed may be restricted depending on the data volume.
- "Unlimited Packet Discount Flat" or "Unlimited Packet Discount For Smartphone" and "S! Basic Pack (i)" can not be detached while you are using iPhone.
- All usage while roaming abroad (SMS, S! Mail (MMS) , web browsing, downloading/updating contents from App Store, etc.) , International SMS, and International S! Mail (MMS) are all outside the coverage of domestic flat-rate discount services.
- Please note that data usage while roaming can easily reach a high Amount of charge. In order to avoid bill shock, it is recommended to refrain from downloading/uploading heavy contents.

Virus check/Spam check with Email (i) .

- Our company will implement virus check and detect/exterminate the virus automatically for all sending/retrieving mail. In addition, spam mail, mass sending of mail etc will be detected by our filtering service, and will automatically return to the sender. For further information on filtering, please check our web site. The virus check service can not be canceled individually. Please use mail service of other internet service providers, if you do not wish to use our virus check or spam check service.
