Introduction

Thank you for purchasing SoftBank 824SH.
- For proper handset use, read this guide beforehand.
- Keep this guide in a convenient place for reference.
- Accessible SoftBank services may vary by service area, subscription, etc.

SoftBank 824SH is compatible with both 3G and GSM network technologies.

Notes
- Copying this guide in whole or part without authorization is prohibited.
- Guide content is subject to change without prior notice.
- Efforts have been made to ensure the accuracy and clarity of this guide. Please contact Customer Service, General Information (**P.14-39**) about unclear or missing information.

Chapter Contents At A Glance

Notes

- ●Most operation descriptions are based on default settings with handset open (**P.1-2**) in Standby (**P.1-6**).
- ●Operations and results may differ by handset status.
- ●Sample screenshots, etc. are provided for reference only.
- ●Actual handset windows, menus, etc. may differ in appearance.
- ●"(Japanese)" appears next to functions or applications which require Japanese ability to use as intended.

Accessories

■ **Battery (SHBBX1)**

■ **Desktop Holder (SHEBX1)**
Stand Cradle

■ **Utility Software (Japanese)**[*]
[*]Complimentary sample.

- For accessory-related information, please contact SoftBank Customer Center, General Information (**P.14-39**).
- Use specified Charger (sold separately) only.
- Utility Software is designed exclusively for 824SH. Download newest versions via SOFTBANK MOBILE Corp. Website (**P.14-22**).

Safety Precautions

Read safety precautions before using handset.

● Observe precautions to avoid injury to self or others, or damage to property.
● SoftBank is not liable for any damages resulting from use of this product.

Before Using Handset

■ **Symbols**

Make sure you thoroughly understand these symbols before reading on. Symbols and their meanings are described below:

⚠	**DANGER**	**Great risk of death or serious injury from improper use**
⚠	**WARNING**	**Risk of death or serious injury from improper use**
⚠	**CAUTION**	**Risk of injury or damage to property from improper use**

Prohibited Actions	**Compulsory Actions**	**Attention Required**

⚠ **DANGER**

Handset, Battery & Charger

Use specified battery, Charger and Desktop Holder only (P.v, P.1-4).
Non-specified equipment use may cause malfunctions, electric shock or fire due to battery leakage, overheating or bursting.

Do not short-circuit Charging Terminals.
Keep metal objects away from Charging Terminals. Keep handset away from jewelry. Battery may leak, overheat, burst or ignite causing injury. Use a case to carry battery.

Do not place handset or accessories in ovens, microwave ovens or other cooking appliances.
Do not place battery, handset, Charger or Desktop Holder in ovens, microwave ovens, etc. to dry it or for any other purpose. Battery or other parts may leak, burst, overheat or ignite; may cause malfunction, accident or injury.

Battery

Prevent injury from battery leakage, breakage or fire. Do not:
• Heat or dispose of battery in fire
• Open/modify/disassemble battery
• Damage or solder battery
• Use a damaged or warped battery
• Use non-specified charger (**P.1-4**)
• Force battery into handset
• Charge battery near fire or sources of heat; or expose it to extreme heat
• Use battery for other equipment

If battery fluid gets in eyes, do not rub; rinse with water and consult a doctor immediately.
Eyes may be severely damaged.

Do not expose battery to liquids.
Battery may leak, burst, overheat or ignite.

Desktop Holder

Do not use supplied Desktop Holder for other equipment.
Supplied Desktop Holder is designed exclusively for 824SH. Do not use for other devices; may cause overheating, fire, electric shock or malfunction.

⚠ **WARNING**

Handset, Battery & Charger

Do not insert foreign objects into the handset, Charger or Desktop Holder.
Do not insert metal or flammable objects into handset, Charger or Desktop Holder; may cause fire or electric shock. Keep out of children's reach.

Keep handset away from liquid-filled containers.
Keep the handset, Charger and Desktop Holder away from chemicals or liquids; fire or electric shock may result.

Do not disassemble or modify handset or related hardware.
• Do not open handset, Charger or Desktop Holder; may cause electric shock or injury. Contact SoftBank Customer Center, Customer Assistance for repairs.
• Do not modify handset, Charger or Desktop Holder; fire or electric shock may result.

Do not use Mobile Light near people's faces.
Eyesight may be temporarily affected leading to accidents.

CAUTION:
Use of controls, adjustments or procedures not specified here may result in harmful LED radiation. Mobile Light LED emission level is harmful to eyes; do not attempt to disassemble the cabinet. Service is limited to qualified service outlets only.

EN60825-1:1994 A1:2002 & A2:2001

CLASS 1
LED Product
Mobile Light

CAUTION-CLASS 1M
LED RADIATION WHEN OPEN
DO NOT VIEW DIRECTLY WITH
OPTICAL INSTRUMENTS

■ Mobile Light LED Properties
a) Emission Duration: Continuous
b) Wavelength
   White: 400 - 700 nm
c) Maximum Emission Output
   White: 320 μW (1.2 mW inside handset)

If an abnormality occurs, or water/ foreign matter is inside handset:
If handset emits an unusual sound, smoke or odor, or if water or foreign matter is inside it, discontinue use; may cause fire or electric shock. Turn off handset, remove battery and unplug AC Charger; contact SoftBank Customer Center, Customer Assistance.

Keep handset off and Charger disconnected near gas stations or places with fire/explosion risk.
Handset use near petrochemicals or other flammables may cause fire/ explosion; turn handset off before using Osaifu-Keitai® at gas stations (cancel IC Card Lock beforehand).

Do not subject handset, Charger or Desktop Holder to strong shocks or impacts.
- Avoid strong shocks to AC Charger while it is plugged into the outlet; may cause malfunction or injury.
- Strong shocks or impacts to handset, Charger or Desktop Holder may cause malfunction or injury. Should handset be damaged, remove battery then contact SoftBank Customer Center, Customer Assistance. Discontinue handset use; may cause fire, electric shock or injury.

Avoid extreme temperatures.
Do not expose handset or accessories to hot air from dryers, etc. to dry them or for any other purpose. Avoid sauna and hot water. Battery, handset, Charger or Desktop Holder may leak, burst, overheat or ignite; may cause malfunction, accident or injury.

Handset

Take measures to prevent accidents.
- Do not use handset (including TV) while driving; park beforehand. Phone use while driving is prohibited by the Road Traffic Law (revised November 1, 2004).
- Do not use Headphones while driving or cycling. Accidents may result.
- Moderate volume outside, especially near road/rail crossings, etc. to avoid accidents.

Do not swing handset by strap.
May result in injury or breakage.

Turn handset power off before boarding aircraft.
Using wireless devices aboard aircraft may cause electronic malfunctions or endanger aircraft operation.

Adjust vibration and ringtone settings:
Users with a heart condition/pacemaker/ defibrillator should adjust handset settings accordingly.

During thunderstorms, turn power off; find cover.
There is a risk of lightning strike or electric shock.

To maintain water resistance, close Battery Cover and Port Covers firmly. Water may seep inside handset when there is a gap between cover and base, resulting in malfunction. Do not open Battery/Port Cover while handset is wet; water may seep inside handset, resulting in malfunction.

Handset is resistant to fresh/tap water between 5°C - 35°C. Do not subject handset to sea/spa/bath/pool water, hot water, soap, bath powder/oil or drinking water.

Do not subject handset to strong water jet or prolonged water immersion.
Handset is not resistant to water pressure. Do not subject it to jets of water or water immersion beyond the conditions specified in IPX5/IPX7. If handset becomes wet, wipe it with a dry cloth. Using wet handset may cause overheating, fire, electric shock or malfunction.

Charger & Desktop Holder

Use only the specified voltage.
Non-specified voltages may cause fire or electric shock.
- AC Charger: AC 100V-240V Input
  - SoftBank is not liable for problems resulting from charging battery abroad.

Do not use power adapters.
Using AC Charger with step-up/step-down transformer may cause fire, electric shock or damage.

Charger care
- Do not touch with wet hands. Electric shock may occur.
- Pull AC Charger straight out to unplug it; may cause malfunction or injury.
- Do not use multiple cords in one outlet; may cause excess heat/fire.
- Do not bend, twist, pull or set objects on cord. Exposed wire may cause fire or electric shock.

Do not short-circuit Charger terminals.
May cause overheating, fire or electric shock. Keep metal away from terminals.

Damaged AC Charger cord:
May cause fire or electric shock; discontinue use and purchase a new Charger.

During thunderstorms:
Unplug AC Charger to avoid damage, fire or electric shock.

Charger/Desktop Holder use and children:
May cause electric shock/injury; keep out of reach.

Do not use Desktop Holder inside vehicles.
Extreme temperature or vibration may cause fire or damage handset, etc.

Do not use Desktop Holder in bath/shower rooms or restrooms.
Desktop Holder is not water-proof. Avoid exposure to liquids and high humidity (e.g., precipitation, bath/shower room, restroom, etc.); may cause fire, electric shock or damage.

Battery

● If battery does not charge properly, stop trying. Battery may overheat, burst or ignite.
● At signs of a battery leak, avoid fire sources. It may catch fire or burst.

If there is abnormal odor, excessive heat, discoloration or distortion, remove battery from handset.
It may leak, overheat or explode.

Handset Use & Electronic Medical Equipment

This section is based on "Guidelines on the Use of Radio Communications Equipment such as Cellular Telephones and Safeguards for Electronic Medical Equipment" (Electromagnetic Compatibility Conference, April 1997) and "Report of Investigation of the Effects of Radio Waves on Medical Equipment, etc." (Association of Radio Industries and Businesses, March 2001).

Persons with implanted pacemaker/defibrillator should keep handset more than 22 cm away.
Radio waves can interfere with implanted pacemakers or defibrillators causing such devices to malfunction.

Turn handset off in crowds or trains where persons with implanted pacemaker/defibrillator may be near.
Radio waves can interfere with implanted pacemakers or defibrillators causing such devices to malfunction.

Observe these rules inside medical facilities:
● Do not enter an operating room or an Intensive or Coronary Care Unit while carrying a handset.
● Keep handset off in hospitals, including lobbies.
● Obey medical facility rules on mobile phone use.

Consult electronic medical equipment vendor on radio wave effects.

⚠ **CAUTION**

Handset, Battery & Charger

Handset care
● Place handset on stable surfaces to avoid malfunction or injury.
● Keep handset away from oily smoke or steam. Fire or accidents may result.
● Cold air from air conditioners may condense, resulting in leakage or burnout.
● Keep handset away from heat/direct sunlight (e.g., inside vehicles, etc.). Warping, discoloration or fire may occur. Battery shape may be affected.
● Keep handset out of extremely cold places to avoid malfunction or accidents.
● Keep handset away from fire sources to avoid malfunction or accidents.

Usage environment
● Excessive dust may prevent heat release and cause burnout or fire.
● Avoid using handset on the beach. Sand may cause malfunction or accidents.
● Keep handset away from credit cards, telephone cards, etc. to avoid data loss.

ix

Handset

Handset temperature
Handset may become hot while in use. Avoid prolonged contact with skin, especially at high temperature. May cause burn injuries.

Avoid leaving handset in extreme heat (inside vehicles, etc.).
Hot handset may lead to burn injuries.

Volume settings
Moderate handset volume; excessive volume may damage ears or hearing.

Inside vehicles
Handset use may cause electronic equipment to malfunction.

If you experience any skin irritation associated with handset use, discontinue handset use and consult a doctor.
Metal and other materials (**P.14-18**) may cause skin irritation, rashes, or itchiness depending on your physical condition.

Charger & Desktop Holder

AC Charger cord
● Grasp plug (not cord) to disconnect AC Charger. May cause fire/electric shock.
● Keep cord away from heaters. Exposed wire may cause fire or electric shock.
● Stop use if plug is hot or improperly connected. May cause fire/electric shock.

Always charge handset in a well-ventilated area.
Avoid covering/wrapping Charger and Desktop Holder; may cause damage/fire.

During periods of disuse
Always unplug AC Charger after use.

Handset maintenance
Always disconnect AC Charger when cleaning handset.

Do not touch Desktop Holder while in use.
May cause burn injuries.

Battery

Do not throw or abuse battery. Battery may overheat, burst or ignite.

Do not leave battery in direct sunlight or inside a closed vehicle; may reduce battery performance or overheat. An overheated battery may cause fire.

If battery fluid contacts skin or clothes, rinse with clean water immediately.

Do not dispose of an exhausted battery with ordinary refuse; always tape over battery terminals before disposal. Take battery to a SoftBank Shop, or follow the local disposal regulations.

Keep battery out of children's reach.

● Charge battery in ambient temperatures between 5°C and 35°C; outside this range, battery may leak/overheat and performance may deteriorate.
● If your child is using handset, explain all instructions and supervise usage.
● If there is abnormal odor or excessive heat, stop using battery and call SoftBank Customer Center, Customer Assistance.
● Charge battery at least once every six months; an uncharged battery may become unusable.

General Notes

General Use

- SoftBank is not liable for any damages resulting from accidental loss/alteration of files saved on handset/Memory Card. Keep separate copies of Phone Book entries, etc.
- Handset transmissions may be disrupted inside buildings, tunnels or underground, or when moving into/out of such places.
- Use handset without disturbing others.
- Handsets are radios as stipulated by the Radio Law. Under the Radio Law, handsets must be submitted for inspection upon request.
- Handset use near landlines, TVs or radios may cause interference.
- **Beware of eavesdropping.**
  Because this service is completely digital, the possibility of signal interception is greatly reduced. However, some transmissions may be overheard.
  Eavesdropping
  Deliberate/accidental interception of communications constitutes eavesdropping.
- An export license may be required to carry the handset into other countries if it is to be used by or transferred to another person. However, no such license is required when you take the handset abroad for personal use on a vacation or business trip and then bring it back.
  Export control regulations in the United States provide that an export license granted by the US government is required to carry the handset into Cuba, Iran, North Korea, Sudan or Syria.

Inside Vehicles

- Never use handset while driving.
- Do not park illegally to use handset.
- Handset use may affect a vehicle's electronic equipment.

Aboard Aircraft

Never use handset aboard aircraft (keep power off). Handset use may impair aircraft operation.

Handset Care

- If handset is left with no battery or an exhausted one, data may be altered/lost. SoftBank is not liable for any resulting damages.
- Use handset between 5°C - 35°C (35% - 85% humidity).
- Avoid extreme temperatures and direct sunlight.
- Exposing lens to direct sunlight may damage color filter and affect image color.
- Clean handset with dry, soft cloth. Using alcohol, thinner, etc. may damage it.
- Avoid scratching handset Display.
- When closing handset, keep fingers, straps, etc. outside to avoid injury or damaging the Display.
- Avoid heavy objects or excessive pressure. May cause malfunction or injury.
  - Do not sit on handset in back pants pocket.
  - Do not place heavy objects on handset inside handbags, packs, etc.

- Connect only specified products to Headphone Port. Other devices may malfunction or cause damage.
- Always turn off handset before removing battery.

Function Usage Limits

These functions are disabled after handset upgrade/replacement or service cancellation: Camera; Media Player; S! Applications; TV.
After a period of disuse, these functions may be unusable; retrieve Network Information (**P.13-17**) to restore usability.

Water Resistance

824SH Water Resistance

824SH complies with IPX5 and IPX7 (JIS IP Codes) water protection standards. (Tested by SoftBank.)
- Handset is water-proof with Port Covers and Battery/Port Cover closed. Water may seep inside handset when there is debris (hair, sand, fiber, etc.) between cover and base.
- Handset is resistant to fresh/tap water between 5°C - 35°C.
- Malfunction resulting from misuse is not covered by the warranty.

IPX5 & IPX7
- IPX5 compliant means that this handset continues to function as a phone after being subjected to a water jet (approximately 12.5 liters/min.) discharged from a nozzle (inner diameter: 6.3 mm), from all directions (approximately 3 m from handset) for 3 minutes or more.
- IPX7 compliant means that this handset continues to function as a phone and no water seeps inside after being gently lowered into a tank filled with still tap water (at room temperature) to the depth of 1 m, and immersed at the bottom for approximately 30 minutes.

Precautions

- Do not subject handset to soap, detergent, bath powder/oil, sea/pool/spa water, hot water, sand, dirt, etc.
- Do not open/close Battery/Port Cover with wet hands or while handset is wet.
- Do not soak handset in bath or pool; never use it in water (including opening/closing of handset and pressing keys).
- Avoid high-pressure water/shower (over 6 liters/min.).
- Do not expose handset to extreme humidity for long periods; avoid prolonged use in bath/shower rooms.
- Do not use in saunas. Avoid hot air from dryers, etc.
- Avoid extreme temperatures (e.g., near stoves, inside refrigerators, etc.).
- Volume may be low when Microphone/Earpiece/Speaker is wet; dry handset before use.
- Battery, Desktop Holder and optional accessories are not water-proof.
- Do not subject handset to strong shocks or impacts, and do not poke Microphone, Earpiece, Speaker, etc. with a cotton swab or sharp object; water resistance may be affected.

- Avoid placing handset directly on sand. Sand may penetrate Earpiece, Speaker, etc., resulting in low volume.
- Do not move handset directly from a cold place to a warm humid place; condensation may occur. Should this happen, dry handset naturally at room temperature.
- 824SH does not float on water.
- Keep handset out of heavy rain.
- Damaged Battery/Port Cover affects water resistance; contact a SoftBank Shop.

Charging Precautions

● Battery, Desktop Holder and optional accessories are not water-proof. Avoid exposure to liquids and high humidity (e.g., precipitation, bath/shower room, restroom, etc.); may cause fire, electric shock or damage.
● Never charge battery while handset is wet; may cause fire or damage due to electric shock or short-circuit.
● Close Port Cover firmly after charging via External Device Port. Use Desktop Holder to prevent water seepage via External Device Port.
● Do not touch Desktop Holder or Charger with wet hands. Electric shock may occur.
● Do not use Desktop Holder or Charger in rooms in which water is regularly in use (kitchen, bath/shower room, etc.); may cause fire or electric shock.

Gasket Care & Maintenance

Proper care of the rubber seals around Port Covers and Battery Cover is crucial for continued handset water resistance.
● Do not remove or damage gaskets.
● Take care not to pinch gasket when closing Port/ Battery Cover; may damage gasket and affect water resistance.
● Do not insert sharp objects through Port/Battery Cover gaps; may damage gasket and affect water resistance.
● To maintain water resistance, replace gaskets every two years regardless of their condition.
● For gasket replacements, contact a SoftBank Shop.
● Damaged Port Cover affects water resistance; contact a SoftBank Shop.
● If Battery Cover is damaged, replace it with a new one. Use of damaged cover may cause electric shock, battery corrosion, etc. due to water seepage.

Washing Handset

Holding handset approximately 10 cm below faucet or shower head, wash with low-pressure tap water (6 liters/min. or lower) between 5°C - 35°C. Wash with your hands, taking care not to open the covers; do not use a brush or sponge. Dry handset before use.
● Before washing handset, make sure that Battery Cover and Port Covers are closed firmly.
● Do not use a washing machine or ultrasonic cleaner.
● Do not place handset in a microwave oven to dry it. Battery/handset may leak, burst, overheat or ignite; may cause malfunction, accident or injury.
● Do not dry handset by exposing it to extreme heat (e.g., hot air from dryers, etc.); may cause warping, discoloration or damage.

Drying Handset

Dry these parts/areas after washing handset:

Hinge	Earpiece
Microphone	Speaker

1 **Wipe handset surface with dry cloth**

2 **Holding hinge firmly by its sides, shake handset about 20 times**

Hinge Earpiece

Microphone Speaker
3 **Pat with dry cloth to remove moisture from grooves**
4 **Leave handset on dry cloth for approximately 2 - 3 hours at room temperature**

Do Not Use Wet Handset
- Voice quality may be affected, or moisture may transfer to clothes, bag, etc.
- Water may short-circuit External Device Port.
- Water may freeze in cold places, resulting in malfunction.

Electromagnetic Waves

For body-worn operation, this phone has been tested and meets RF exposure guidelines when used with accessories containing no metal, that position handset a minimum of 15 mm from the body. Use of other accessories may not ensure compliance with RF exposure guidelines.

FCC Notice

- This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

  (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
- Changes or modifications not expressly approved by the manufacturer responsible for compliance could void the user's authority to operate the equipment.

FCC RF Exposure Information

Your handset is a radio transmitter and receiver. It is designed and manufactured not to exceed the emission limits for exposure to radio frequency (RF) energy set by the Federal Communications Commission of the U.S. Government.
The guidelines are based on standards that were developed by independent scientific organizations through periodic and thorough evaluation of scientific studies. The standards include a substantial safety margin designed to assure the safety of all persons, regardless of age and health. The exposure standard for wireless handsets employs a unit of measurement known as the Specific Absorption Rate, or SAR. The SAR limit set by the FCC is 1.6 W/kg.

Highest SAR value:

Model	FCC ID	At the Ear	On the Body
824SH	APYHRO00071	0.485 W/kg	0.308 W/kg

This device was tested for typical body-worn operations with the back of the handset kept 1.5 cm from the body. To maintain compliance with FCC RF exposure requirements, use accessories that maintain a 1.5 cm separation distance between the user's body and the back of the handset. The use of beltclips, holsters and similar accessories should not contain metallic components in its assembly.
The use of accessories that do not satisfy these requirements may not comply with FCC RF exposure requirements, and should be avoided.
The FCC has granted an Equipment Authorization for this model handset with all reported SAR levels evaluated as in compliance with the FCC RF emission guidelines. SAR information on this model handset is on file with the FCC and can be found at https://fjallfoss.fcc.gov/oetcf/eas/reports/GenericSearch.cfm under the Display Grant section after searching on the corresponding FCC ID (see table above).
Additional information on Specific Absorption Rates (SAR) can be found on the Cellular Telecommunications & Internet Association (CTIA) Website at http://www.phonefacts.net.

European RF Exposure Information

Your mobile device is a radio transmitter and receiver. It is designed not to exceed the limits for exposure to radio waves recommended by international guidelines. These guidelines were developed by the independent scientific organization ICNIRP and include safety margins designed to assure the protection of all persons, regardless of age and health.
The guidelines use a unit of measurement known as the Specific Absorption Rate, or SAR. The SAR limit for mobile devices is 2 W/kg.
As mobile devices offer a range of functions, they can be used in other positions, such as on the body as described in this user guide*.

Highest SAR value:

Model	At the Ear**	On the Body
824SH	0.891 W/kg	0.642 W/kg

As SAR is measured utilizing the device's highest transmitting power the actual SAR of this device while operating is typically below that indicated above. This is due to automatic changes to the power level of the device to ensure it only uses the minimum level required to reach the Network. The World Health Organization has stated that present scientific information does not indicate the need for any special precautions for the use of mobile devices. They note that if you want to reduce your exposure then you can do so by limiting the length of calls or using a handsfree device to keep the mobile phone away from the head and body.

*Please see Electromagnetic Waves on the left for important notes regarding body-worn operation.
**Measured in accordance with international guidelines for testing.

Declaration of Conformity

CE 0168

Hereby, Sharp Telecommunications of Europe Ltd, declares that 824SH is in compliance with the essential requirements and other relevant provisions of Directive 1999/5/EC.
A copy of the original declaration of conformity for each model can be found at the following Internet address:
http://www.sharp.co.jp/k-tai/

Copyrights

Copyright laws protect sounds, images, computer programs, databases, other materials and copyright holders. Duplicated material is limited to private use only. Use of materials beyond this limit or without permission of copyright holders may constitute copyright infringement, and be subject to criminal punishment. Comply with copyright laws when using images captured with handset camera.

Specific Absorption Rate (SAR)

824SH meets the government's requirements for exposure to radio waves.

These requirements are based on scientific basis to assure that radio waves emitted from mobile phones and other handheld wireless devices do not affect human health. They require that the Specific Absorption Rate (SAR), which is the unit of measurement for the amount of radiofrequency absorbed by the body, shall not exceed 2 W/kg[*]. This limit includes a substantial safety margin designed to assure the safety of all persons, regardless of age or health, and meets the international standard set by International Commission on Non-Ionizing Radiation Protection (ICNIRP) in cooperation with World Health Organization (WHO).

All mobile phones, prior to product launch, must be certified as compliant with government requirements as stipulated by the Radio Law. 824SH has been granted Technical Regulations Conformity Certification by TELECOM ENGINEERING CENTER. Its highest SAR value is 0.816 W/kg. This value was obtained by TELECOM ENGINEERING CENTER as part of the certification process. SAR tests were conducted with handset transmitting at its highest certified power level in accordance with testing methods set by the government. While there may be differences between the SAR levels for various handsets, they all meet the governmental requirements for safe exposure. The actual SAR level of the handset while operating can be well below the highest value. This is because the handset is designed to operate at multiple power levels so as to use only the power required to reach the Network.

Additional information on SAR can be obtained on the following Websites.

Ministry of Internal Affairs and Communications
http://www.tele.soumu.go.jp/e/ele/index.htm
Association of Radio Industries and Businesses (ARIB)
http://www.arib-emf.org/initiation/sar.html (Japanese)

[*]Requirements are stipulated in Radio Law (Ordinance Regulating Radio Equipment, Article 14-2).

⓯ **Speaker**
⓰ **External Display**
⓱ 🐕 **Logo**
⓲ **Battery Cover**
⓳ **Battery Cover Lever**

- Do not cover or place stickers, etc. over Light Sensor, Internal Antenna area or Pressure Vent.
- Replace Port Cover after Port use.
- Avoid metallic straps; Antenna sensitivity may be affected.
- TV Antenna is located behind Display.

Handset Positions

Handset Closed

Keep handset closed when not in use.

Handset Open

Open handset to place or answer calls, enter text, etc.

Handset Keys

Keys are indicated in this guide as shown.
1 **Multi Selector (right)** ⊙
Open Received Calls. Long Press to activate/cancel infrared.

2 **Multi Selector (up)** ⑤
Open Standby Window.

3 **Center Key** ●
Open Main Menu. Long Press to activate/cancel Keypad Lock.

4 **Multi Selector (left)** ⊙
Open Dialed Numbers. Long Press to activate/cancel Bluetooth®.

5 **Mail Key** ✉
Open Messaging menu. Long Press to open S! Mail Composition window.

6 **Shortcuts & A/a Key** ®
Open Shortcuts menu.

7 **Clear/Back Key** ⌫
Play Answer Phone messages. Long Press to activate/cancel Answer Phone.

8 **Start Key** ☎
Open All Calls.

9 **Keypad** 0 - 9
Enter numbers to place calls or access functions (Quick Operations). Long Press to open Phone Book.

10 **✕ Key** ✳
Enter ✕, +, P, ? and -. Long Press to open Status Template.

11 **Multi Job & Manner Key** 🔇
Select handset mode. Long Press to activate/cancel Manner mode.

12 **Yahoo! Keitai Key** ⓨ
Open Yahoo! Keitai portal. Long Press to open Yahoo! Keitai menu.

13 **TV & Text Key** 📺
Activate TV. Long Press to open Change Menu window.

Press ⑤ or ⓠ	ⓢ
Press ⊙ or ⊙	⊙
Press ⑤, ⓠ, ⊙ or ⊙	⊛
Press ◀ or ▶	◀▶

1-3

Charging Battery

Battery must be inserted in handset to charge it.

● Together with Desktop Holder, use specified AC Charger **ZTDAA1** (sold separately) only. In this guide, ZTDAA1 is referred to as "AC Charger."
● **AC Charger and Desktop Holder are not water-proof. Do not charge battery while handset is wet.**

Charging with Desktop Holder

About Desktop Holder

Use Desktop Holder in three positions:

Vertical   Horizontal   Flat

Leg   Stand Removed
For Horizontal Use
● Extend Leg until it clicks.
● Do not insert cord into the Cradle groove.
● Extend Leg only for horizontal use; retract afterward.
● Do not subject to force/pressure.

Leg
■ **Attaching Stand**
Insert Stand tabs into Cradle slots until it clicks.
■ **Removing Stand**
Gently press release lever and slide off. Disconnect handset beforehand; lift and hold Desktop Holder firmly to remove Stand.

Release Lever

Vertical Use

Illumination Light

AC Charger

Release Tabs

Blades

Charger Connector

Connection Port
Arrows

● Insert cord into the groove.

1 **Insert AC Charger connector into Desktop Holder**
- Connection Port is on the back of Desktop Holder.
- With arrows up, insert connector until it clicks.

2 **Extend blades and plug AC Charger into AC outlet**
3 **Place handset onto Desktop Holder**
- As shown on **P.1-4**, hold 1 and press 2 until 824SH clicks into place.
- Illumination Light (center LED only) glows red while charging.
- Illumination Light goes out when battery is full.

4 **Disconnect 824SH from Desktop Holder**
- Release 3 on **P.1-4** first.

5 **Unplug AC Charger**
- Pull AC Charger straight out.
- Squeeze release tabs when removing AC Charger connector.

Important Desktop Holder Usage Notes
- Do not subject to force/pressure.
- If Headphones are connected, put cord in front.

Important AC Charger Usage Note
- Fold back blades after charging. Do not pull, bend or twist the cord.

When Illumination Light Flashes
- Battery is unchargeable; may be defective or simply at the end of its life; replace it.

USB Charge
- Connect handset (with power on) to PC via USB Cable to charge battery.

Charging Battery Overseas
- SoftBank is not liable for problems resulting from charging battery abroad.

Charging with AC Charger

- Close External Device Port Cover firmly after charging. Water may seep inside handset when there is debris between cover and base.
- Use Desktop Holder to prevent water seepage via External Device Port.

1 Open Port Cover as shown

3 Plug AC Charger into AC outlet

2 Connect AC Charger

Mobile Manners

Please use your handset responsibly. Use these basic tips as a guide. Inappropriate handset use can be both dangerous and bothersome. Please take care not to disturb others when using your handset. Adjust handset use according to your surroundings.

- Turn it off in theaters, museums and other places where silence is the norm.
- Refrain from using it in restaurants, hotel lobbies, elevators, etc.
- Observe signs and instructions regarding handset use aboard trains, etc.
- Refrain from use that interrupts the flow of pedestrian or vehicle traffic.

Manner Mode

Mutes most handset function sounds.

1 ☞ (Long)
- Manner mode is set.

When Manner Mode is Active
- Ringtones and other sounds are muted.
- 824SH vibrates for transmissions/alerts.
- Shutter click still sounds at fixed volume.

Canceling Manner Mode
☞ (Long)

Offline Mode

Temporarily suspends all transmissions.

● In kanji (hiragana) mode, enter かお or a descriptive word such as わーい or うーん, then convert the entry.

EmoticonWordLink
● Immediately after inserting a descriptive word such as 嬉しい or 悲しい, corresponding emoticons may appear in the suggestion list.

Advanced

●Inserting Phone Book Entry Items ●Undo Conversion or Recover Deleted Characters ●Changing Font Size (**P.2-25**)

●Hiding emoticons in suggestion list ●Lowering type priorities in suggestion list (**P.13-6**)

Mail & Web Extensions

Enter *.co.jp*, *http://*, etc., easily.

1 ⊠ ➡ ◌ *Quick Address List* ➡ ●

> ```
> Tall          15:05
> Quick Address List
> 01@softbank.ne.jp
> 02@ezweb.ne.jp
> 03@docomo.ne.jp
> ```
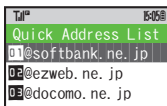

2 ◌ **Select extension** ➡ ●
 ● Extensions are single-byte even in double-byte entry modes.

Hiragana to Katakana/ Alphanumeric Conversion

Enter katakana and alphanumerics in kanji (hiragana) mode.
Example: To enter *PTA*
Use key inscriptions.

1 ま7や8か2 ➡ Y7

> ```
> Tall               15:05
> Message:
> 🔋              X/XXK
> マヤカ
>
>
>
>
>              X/XX Candidates
> 09マヤカ   04PTA
> 08マヤカ   03Pｔa
> 077 8 2   02Pta
> 06782     01pｔa
> ```

2 ◌ **Select word/phrase** ➡ ●

Quick Conversion (for Hiragana)

A list of word suggestions appears based on the key pressed.
Example: To enter *終電*

1 さ3 **(さ)** ➡ や8 **(や)**
 ➡ あ1 **(あ)** ➡ た4 **(だ)**
 ➡ わ0 **(わ)** ➡ ◌

> ```
> Tall          15:05
> Message:
> 🔋          X/XXK
> 終電
> ```

2 ◌ **Select word/phrase** ➡ ●

One Hiragana Word Call
 ● Enter the first hiragana of entries you used Quick Conversion for and press ◌.

Editing Characters

Deleting & Editing

Follow these steps to correct **また、お願いします** to **また明日お願いします**:

1 <img> **Select character**

> Tⅶ⁰   15:05
> Message:
> 🄰   XX/XXK
> また■お願いします

2 CLEAR/BACK

> Tⅶ⁰   15:05
> Message:
> 🄰   XX/XXK
> また お願いします
● The highlighted character is deleted.

3 <img> **Select target location** ➡ **Enter characters**

> Tⅶ⁰   15:05
> Message:
> 🄰   XX/XXK
> また明日お願いします

Recovering Deleted Characters
● Press ↩ once for each character after deletion.

Deleting All Text
● Long Press CLEAR/BACK at the end of text. To delete characters on and after cursor, select the first character of text and Long Press CLEAR/BACK.

Jumping to the End or Top of Text
⊠ ➡ ⓛ *Cursor Position* ➡ ● ➡ ⓛ *Jump to End* or *Jump to Top* ➡ ●

Copy/Cut & Paste

1 ⊠ ➡ ⓛ *Cut* or *Copy* ➡ ● ➡ <img> **Select first character** ➡ ●

Using Memory Card

Use microSD™/microSDHC™ Memory Card (hereafter "Memory Card") to save and organize files for use on 824SH. Use recommended Memory Cards only. For details, see **P.14-22** "microSD™ Memory Card Compatibility."

Precautions
- Do not force Memory Card into or out of handset.
- Do not touch terminals or expose them to metal objects.
- SoftBank is not liable for any damages resulting from accidental loss/alteration of information. Keep a copy of Phone Book entries, etc. in a separate place.

Important Memory Card Usage Notes
- Never remove Memory Card or battery while files are being accessed.
- Be careful not to erase or overwrite files accidentally.

Inserting & Removing

- Turn handset power off first.
- For details about battery installation/ removal, see **P.14-4**.

1 **Unlock Battery Cover**
- Slide lever as shown.

2 **Remove cover**
- Lift as shown.

3 **Remove battery**
- Take hold of Battery Tab here and lift as shown.

4 **Insert card**
- With terminal side up, insert card until it clicks.
- Do not insert other objects into Memory Card Slot.

5 **Insert battery**
- With logo side up, fit tabs into battery cavity slots.

6 **Close cover**

- Fit cover top into slot, then press down firmly.
2

Basic Operations

7 **Lock cover**

- Slide lever as shown until it clicks.
- Close cover firmly. Water may seep inside handset when there is debris between cover and base.

If 🔀 Appears after Power On
- Memory Card may not be inserted properly; reinsert the card.

Removing Memory Card
- Gently push in card and release it; card pops out. Pull card straight out gently.
Format Card

When using a new Memory Card for the first time, format it on the handset before trying to save files, etc. Format Card deletes all Memory Card files, even those created on other devices.

1 ● ➡ ✿ *Settings* ➡ ● ➡ ✿ *Connectivity* ➡ ✿ *Memory Card* ➡ ●

```
Tⁱⁱ       📱      15:05

Optional Services

Call Forwarding and Voicemail can only be set simultaneously when Call Forwarding is set to Video Calls.

Call Forwarding	Automatically divert all or all unanswered incoming calls to another preset phone number
Voicemail	Redirect all or unanswered calls to Voicemail Center; access messages from handset/touchtone phones
Call Waiting*	Answer incoming calls or open another line during a call
Conference Call*	Switch between open lines or connect multiple lines at once for teleconferencing
Call Barring	Restrict incoming/outgoing calls depending on conditions
Caller ID	Show or hide your own number when placing calls

*A separate contract is required.

Initiating Call Forwarding

Follow these steps to divert calls to a phone number saved in Phone Book after selected ring time (*No Answer* set):

Emergency Calls

Your location is automatically reported to the corresponding agency (police, etc.) when you place emergency calls (110, 119 or 118) with SoftBank 3G handsets. (Emergency Location Report)
824SH reports Location Information based on positioning signals from radio stations.

- Registration/transmission fees do not apply.
- Positioning accuracy is affected by location/signal conditions. Always provide your location and purpose on the phone.
- Location Information is not reported when emergency calls are placed without Caller ID (such as when the number is prefixed with *184*). However, the corresponding agency may obtain your Location Information in a life threatening situation.
- Not available during international roaming.

Handset Restrictions & Emergency Calls

Emergency calls are possible even while some handset restrictions are active.

Active Restriction	Emergency Calls
Max Cost	Possible
Function Lock (P.11-2)	
Outgoing Calls	
Offline Mode (P.1-15)	Restricted
Keypad Lock (P.1-13)	
PIN Entry (P.11-2)	

4

Messaging

Basics

Use the following messaging services.

SMS

Exchange up to 160 alphanumerics with SoftBank handsets.

S! Mail

Exchange up to 30,000 characters with e-mail compatible handsets, PCs, etc; attach media files, etc.

Send Graphic Mail; set Feeling Setting in subject field when messaging SoftBank handsets.

PC Mail

Receive or reply to PC mail account messages. Use 824SH to handle PC Mail messages like SMS or S! Mail.

■ Available Entry Items

	Recipient	Subject	Message	Attachment
SMS	Available*	N/A	Available	N/A
S! Mail	Available	Available	Available	Available
PC Mail	Available	Available	Available	Available

*SoftBank handset numbers only.

- A separate contract is required to use S! Mail and receive e-mail from PCs, etc.
- For more information, see SOFTBANK MOBILE Corp. Website (**P.14-22**).

Auto Retry Function

If recipient's handset is off/out-of-range, a sent message is saved in Server Mail Box and delivery attempted at regular intervals. (Undeliverable messages are deleted.)

Auto Resend

When Auto Resend is active, handset automatically resends unsent messages up to two times. Cancel to disable (**P.13-8**).

Customizing Handset Address

Change alphanumerics before @ of the default handset mail address.
For more information, see SOFTBANK MOBILE Corp. Website (**P.14-22**).

Changing Address

Managing & Using Messages

Messaging Folders

Messages are organized in folders by type.

```
Tull                    15:05
        Messaging
Received Msg.
Create Message
Retrieve New Ms..
Drafts
Templates
Sent Messages
Unsent Messages
Chat Folder
Server Mail Box
```

- Received Messages
- Incomplete/Unsent Messages
- Sent Messages
- Failed Messages
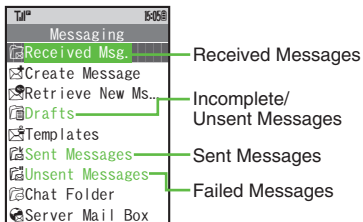

Auto Delete
- Oldest received/sent messages are deleted automatically to save new ones when memory is full. Protect important messages to avoid unintentional deletion.

Opening Help
- Follow these steps in folder list, message list or message window:
  ⊠ ➜ ◌ *Help* ➜ ●
Checking Messages

1 ⊠ ➜ ◌ *Received Msg.* or *Sent Messages* ➜ ●
```
Tull                    15:05
     Received Msg.
Mail
Folder 1
Folder 2
Folder 3
```
Folder List

- When a PC Mail Account exists, folder with the name specified in Account Name appears.
- Select a folder and press ☟ to hide/show sub folders. To open full message list, hide sub folders and press ●.

2 ◌ Select folder ➜ ●

```
Tull                    15:05
     Received Msg.
Mail           2/  2
Ueda Mikio
Kimura Tetsuya
```
Message List

3 ◌ Select message ➜ ●
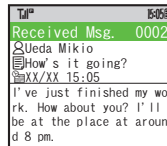

```
Tull                    15:05

PC Mail

Receive or reply to PC mail account messages.

Save PC mail account information to handset:

- User Name
- Password
- Mail Address
- Incoming Mail Server
- Outgoing Mail Server

Retrieve mail delivered to ISP or Yahoo! accounts.

- Alternatively, use automatic message retrieval option.

SH

SBM Server

Local ISP

Yahoo! Japan
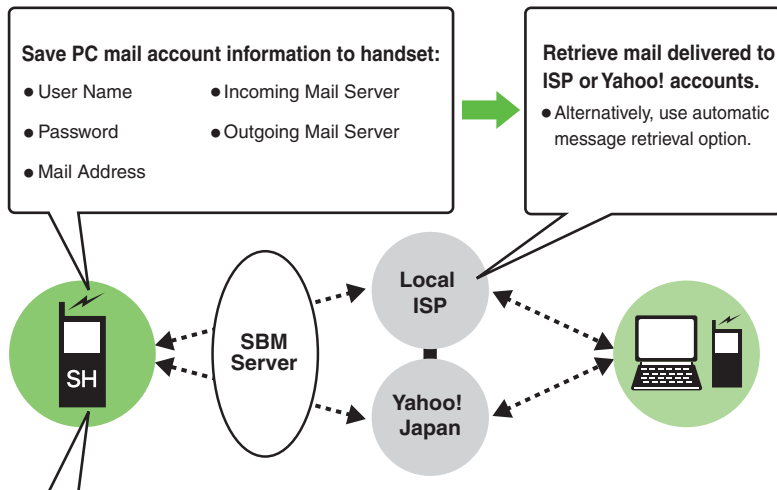

Important PC Mail Usage Notes

- Receiving PC Mail for the first time after PC Mail Account setup may incur high charges due to large-volume packet transmissions.
- Setting handset to retrieve PC Mail automatically may incur high charges; remember this, especially when using handset outside Japan.
- Other functions may slow while handset is checking for new messages.
- Checking for new messages may incur transmission fees even when none exists.
- Single-byte katakana and Pictograms are not supported.
- When messages sent from handset to PC mail account are retrieved by handset, included Pictograms may not appear or may appear as different characters.

Messages are saved in unique folders; reply to/send messages via PC mail account addresses.

PC Mail Folder
- Handle messages (sort, etc.) like S! Mail or SMS. (Unavailable functions do not appear in Options menu and some may appear under different names.)

PC Mail Account Setup

- Proceed with setup according to information supplied by ISP.
- PC Mail services may be unavailable depending on the services, settings or contract details for your PC mail account. Confirm compatibility with POP/SMTP message retrieval/transmission via e-mail software beforehand.

■ **Mandatory Items for Retrieval**

User Name	Required to connect to incoming mail server
Password	Required to connect to incoming mail server
ReceivingServer	Incoming mail server address

■ **Mandatory Items for Transmission**

Mail Address	Address to use PC Mail
Sender Server	Outgoing mail server address

Setting Other Items
- Edit information as needed; for description, select an item and press ⊠.

**Yahoo! Keitai &
PC Site Browser**

Service Basics

Access the Mobile Internet via Yahoo! Keitai, or view PC Internet sites via PC Site Browser.

● Service requires a separate contract; retrieve Network Information to use these services.
● For more about Yahoo! Keitai, see SOFTBANK MOBILE Corp. Website (**P.14-22**).

Transmission/Information Fees
Some page content may automatically activate Internet connection incurring transmission fees. Information fees may also apply.

Security
Electronic certificates are saved on handset to support SSL (encryption protocol for Internet transmissions of important/sensitive information).

Secure Pages
● A confirmation appears before entering and exiting secure pages.
● When a security notice appears, subscribers must decide for themselves whether or not to open the page. Opening secure pages constitutes agreement to the terms of usage. SoftBank, VeriSign Japan, Cybertrust, Entrust Japan, GlobalSign, RSA Security and SECOM Trust Systems cannot be held liable for any damages associated with the use of SSL.

Advanced

Digital TV

Basics

824SH supports One Seg terrestrial digital television broadcast services developed for mobile devices in Japan.

Landscape Position

Enjoy widescreen TV images in landscape position.

- Use ✜ according to TV orientation.
 (Key assignments change as follows.)

⊙ (left/right)

☼ (up/down)
Watch Live Television

Set up a channel list for your service area to access available programming.

Multi Job

Watch TV in one half of Display using the other to access messaging functions or open Phone Book/Call Log.

Access TV Listing (EPG)

Access TV Listing (EPG) to find program channels and times; set Reservations by date and time to record shows or activate TV.

View Data Broadcasts

Enjoy text, program-related information and interactive services.

Record & Play Back Shows

Record current program on Memory Card for later viewing on handset.

Reserve TV Programs

Record a show or activate TV at a specified time; enter dates & times manually or reference TV Listing electronic program guide.

Precautions

- 824SH TV is exclusively for use in Japan.
- Do not use TV while driving or cycling. Accidents may result. Phone use while driving is prohibited by the Road Traffic Law (revised November 1, 2004). When walking, always pay attention to your surroundings, especially near road/rail crossings, etc.
- When using TV while charging battery, separate AC Charger and Antenna to avoid interference.
- Call transmissions, incoming messages or mobile phone use in the immediate vicinity may affect audiovisual quality.
- Programming may not be viewable or record properly when:
  - Too far from or too close to broadcasting stations
  - In mountainous areas or near tall buildings
  - Aboard trains or in moving vehicles
  - Near high-voltage lines, neon lights or wireless base stations
  - Near railroad tracks or highways
  - Anywhere a jamming signal is broadcast/reception is unstable

Area Setup

Follow these steps when activating TV for the first time. Set up channels by area.

1 ⬚

Channels unset.

Recording/Playing Programs

Record clips on Memory Card while
watching TV.

Precautions
● Saved files cannot be copied/forwarded
  or attached to messages.
● 824SH encryption technology prevents
  unauthorized copying or playback of
  Memory Card files through data
  encryption and authentication.
  Files copied from Memory Card to other
  cards on PC are unplayable.
● Copyright laws limit duplicated material
  to private use only, and prohibit
  unauthorized reproduction/other use.
● SoftBank is not liable for any damages
  resulting from accidental loss or
  alteration of recorded content.

Camera & Imaging

Getting Started

Capture still images or record video.

Various Image Sizes

Select small sizes to send captured images/recorded video via S! Mail*; select larger sizes for higher resolutions.

Multiple Shooting Modes

Apply effect or add frame, capture sequential/panoramic or scan images.

Auto Focus

Measures the distance between subjects and camera to adjust focus.

Imaging Functions

Edit captured images or print on a compatible printer.

*Images/video may not be delivered as sent depending on file size or recipient device.

Precautions
- Clean dust/smudges from lens cover with a soft cloth before use.
- Mobile camera is a precision instrument, however, some pixels may appear brighter or darker.
- Shooting/saving images while handset is hot may affect the image quality.
- Subjecting the lens to direct sunlight will damage the camera's color filter.

Auto Shut-off
- Before image capture/recording, mobile camera shuts down after a period of inactivity and handset returns to Standby.

Shutter Click
- Shutter click volume is fixed, and sounds even in Manner mode.

Display Indicators

The following indicators appear at the top of Display.

Photo Viewfinder

🔢	Mobile Light	🔢	Focus
🔢	Capacity	🔢	Exposure
🔢	Picture Quality	🔢	Save to
🔢	Picture Size	🔢	White Balance
🔢	Continuous Shoot	🔢	Self-timer
🔢	Scene

**Media Player &
S! Applications**

Media Basics

Use Media Player to play music/video on 824SH.
● Download media files from Mobile Internet sites via Media Player directly.
● Transfer PC music files and save them on Memory Card.

Features & File Support:

Music

My Music	SD AUDIO	WMA
Handset/Memory Card	**Memory Card**	**Memory Card**
Downloads/Transferred Files	Transferred SD-Audio Files	Transferred WMA Files

Videos

My Videos	SD VIDEO
Handset	**Memory Card**
Memory Card	SD-Video Files
Downloads/Recorded Files	
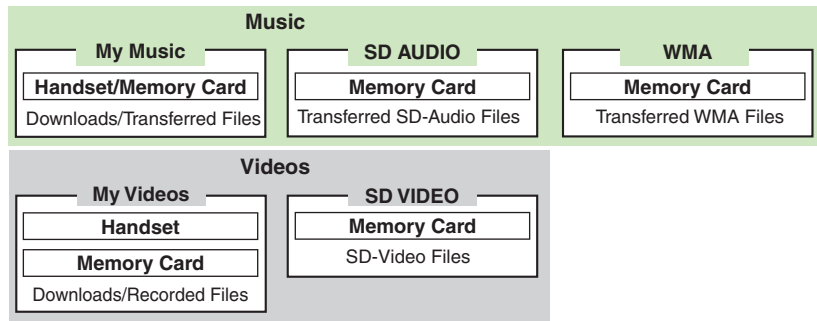

Playback Precautions
● Media Player is not compatible with some recording/playback formats. Files may not play depending on the Memory Card status.
● Playback stops for incoming calls.
● When battery is low, Media Player will not play. If battery runs low during playback, Media Player shuts off.
● Turn down the volume if distortion is noticeable in Speaker sound.
● Handset plays media while it downloads (streaming); downloaded media cannot be saved. Packet transmission fees apply even while stream is paused.

Compatibility
● Files transferred from PCs cannot be used as ringtones or System Sounds.

Downloading Music

Download music from the Internet.
Read information (price, expiry date, etc.) on the source site.

1 ● ➡ ✧ *Media Player* ➡ ●

> **Media Player**
> 🎵Music
> 📹Videos
> 🌐Streaming
> 🎚Settings

> Videos Menu
2 ◊ *Download Videos* ➡ ●
● Follow the links to download media.

Saving Music Files from PCs

- Use software to convert music file format.
- For software usage and specifications, see the provider's website, etc.
- SoftBank does not guarantee compatibility with any software.
- USB Cable may be purchased separately.

Handling Transferred Files

- Copyright laws limit duplicated material to private use only.
- Files created with PC software, etc. may not play.
- Comply with copyright and other intellectual property laws when using obtained files.

Using MTP Mode

Follow these steps to save WMA files via S! Music Connect (Japanese):
Copy protected files can only be played on the handset with which the files were transferred.

1. ● ➡ ✧ *Media Player* ➡ ●

   ```
   Tₒₗₗₚ        📷       🔋
   Media Player
   ♫Music
   🎞Videos
   ☁Streaming
   ⚙Settings
   ☝MTP Mode
   ```
2. ✧ *MTP Mode* ➡ ● ➡ ✧ *Yes* ➡ ●

3. **Connect handset to a PC via USB Cable**
   - Copy music from PC. Refer to the S! Music Connect help menu for operational instructions.

4. ⓨ ➡ ✧ *Yes* ➡ ● ➡ **Connection ends**
   - Disconnect USB Cable.

S! Music Connect

- For details, see **Utility Software Starter Guide** (Japanese) on Utility Software CD-ROM.

Saving AAC Files

Convert PC music files to 824SH-compatible format (**P.14-21**), then save to corresponding Memory Card folder (**P.14-23**) via Mass Storage. Install Utility Software CD-ROM (Japanese) beforehand.

Osaifu-Keitai® (Japanese)

Osaifu-Keitai® describes IC Card-equipped handsets that support e-money or credit functions/services. Osaifu-Keitai® encompasses a range of IC Card-based services on FeliCa-compatible SoftBank handsets. 824SH supports Osaifu-Keitai®. To use e-money, e-ticketing and reward points, etc., hold handset over a compatible reader/writer at shops, restaurants, and other retail outlets, etc.

Basics

Before using Osaifu-Keitai®, activate Lifestyle-Appli, complete registration, customize settings and charge accounts.

Starting Lifestyle-Appli
● ➡ 🎛 *Tools* ➡ ● ➡ In PIM/
LifestyleTools menu, 🔅 *Osaifu-Keitai*
➡ ● ➡ 🔅 *Lifestyle-Appli* ➡ ● ➡
🔅 Select application ➡ ●
Lifestyle-Appli Precautions
● Contact Osaifu-Keitai® service providers for Lifestyle-Appli registration and usage details.
● Keep service passwords/customer service contact information, etc. in a separate place.

Using Osaifu-Keitai®

Follow these steps to conduct a transaction:
Example: Making an electronic payment
● Complete transactions without activating a Lifestyle-Appli. Make sure battery is adequately charged.
● Transactions are possible even when handset power is off or during calls or Internet transmissions.

1 Place 🔁 logo over reader/
writer ➡ Confirm scan
results
Place this part
over reader/writer

● Align handset parallel to reader/writer.

Important Osaifu-Keitai® Usage Note
SoftBank is not liable for damages resulting from accidental loss/alteration of IC Card data/settings.
When Placed Over Sensor
● If recognition is slow, move handset around slightly.
● Handset may respond automatically for some services.

Advanced

Creating QR Codes

Create QR Codes from these items on handset:

Phone Book	**Text Input**
Ring Songs·Tones	**Pictures**
Notepad	

Large items are divided into multiple QR Codes.

Procedure

Follow these steps to create QR codes from Data Folder files:

1 ● ➜ ✍ *Tools* ➜ ● ➜ ✍ *Doc./Rec. Tools* ➜ ✍ *Barcode/Scan* ➜ ●

```
Barcode/Scan
Scan Barcode
Open Barcode
Create QR Code
Scan Card
Scan Text
Scanned Results
```
2 ✍ *Create QR Code* ➜ ●

3 ✍ *Data Folder* ➜ ●

```
Data Folder
Pictures
Ring Songs·Tones
Notepad
Other Documents
```
4 ✍ Select folder ➜ ● ➜ ✍ Select file or entry ➜ ●
● QR Code is created.

5 ●
● QR Code is saved to Data Folder (Pictures).

From Phone Book Entries

Communication Services

Using S! Town & S! Loop (Japanese)

S! Town

Select an avatar to enter this 3D virtual town, where you can play games and meet other users.

- To use S! Town, agree to the terms of service then complete free user registration.
- Internet connection is required; may incur high charges.

1 ● ➡ ✢ *Communication* ➡ ●

2 ◊ *S! Town* ➡ ●
- S! Town (S! Application) starts.
- Refer to the S! Town help menu for operational instructions.
- When an upgrade notice appears, follow onscreen instructions to upgrade.

S! Town Library
- Downloaded S! Town-compatible S! Applications are saved to S! Town Library. To start an application in S! Town Library, follow these steps:
  ● ➡ ✢ *Communication* ➡ ● ➡ ◊ *S! Town* ➡ ⊠ ➡ ◊ **Select application** ➡ ●

S! Loop

S! Loop is an online communication service. Share your diary, join BBS, etc. Internet connection is required; may incur high charges.

1 ● ➡ ✢ *Communication* ➡ ●

2 ◊ *S! Loop* ➡ ●
- Refer to the S! Loop help menu for operational instructions.

Using S! Friend's Status

- S! Friend's Status requires a separate contract and basic monthly fee.
- Set Connection status to *Online* beforehand.

Changing My Status

Follow these steps to change Status, Availability and Comment; new status is sent to the members.

1 $\overline{\text{※}}$ **(Long)**

If Connection status is *Online*, skip ahead to **3**.

2 $\overset{\circ}{\Diamond}$ *Yes* $\blacktriangleright$ $\textcircled{\bullet}$

Connectivity & File Backup

Infrared

Wirelessly transfer the following files between 824SH and compatible devices.

Phone Book	Received Msg.
Calendar	Sent Messages
Tasks	Drafts
Notepad	Templates
Bookmarks	Data Folder

- Copy/forward protected files are not transferable.
- Some files may not be transferable; some settings may be lost, or files may not be saved properly.

Getting Started

Infrared Precautions

Align Infrared Ports of both devices.
- Do not place objects between devices.
- Keep Infrared Ports aligned during transfer.

Transfer Options

One File Transfer	Transfer single files
All File Transfer	Transfer all files by function
IrSS Transfer	Exchange single image files with compatible devices at high speed

- Some transfer options may be unavailable depending on file type.
- Transfer Memory Card files one by one.

Authorization Code
- Four-digit code required for infrared transfers. All File Transfers possible when codes match. (Authorization Code is changeable for each transfer.)

Transferring Files via Infrared

Receiving Files

1 ⊙ (Long)

- Infrared is activated.
- Handset receives files if sent within three minutes.
- Handset must be in Standby to accept connection requests.
- To cancel infrared, Long Press ⊙.

2 Connection request arrives
Request Window

3 Perform subsequent operations

- To cancel transfer, press ⓨ.

Subsequent Operations

■ **One File Transfer**
ⓒ *Yes* ➡ ● ➡ ⓒ *Yes* ➡ ●

● When finished, file list returns.
● Transfers are one-way; end even if files are not received.

Bluetooth®

Wirelessly transfer files/data between 824SH and compatible devices (watches, handsfree devices, etc.).

Bluetooth® connection may not be possible with some Bluetooth® devices.

- Handset shall be connected to certified Bluetooth® devices that meet the specification standards developed by Bluetooth SIG.
- Data transfers may fail depending on characteristics or specifications of the certified Bluetooth® devices.
- Noise may interfere with wireless or handsfree conversations.

Getting Started

Bluetooth® Precautions

- Bring handsets to within ten meters. (Bluetooth® connection/transfer rate may vary depending on conditions.)
- TV audio is supported only on SCMS-T DRM scheme compliant Bluetooth® devices.

Handsfree Device Precautions

- Place calls from handsfree devices while handset is in Standby.
- Handle call operations on the device in use.

Bluetooth® Watches

Compatible Bluetooth® watches support these functions:

Time Correction	Alarm Notice
News Notice	Mail Notice
Remote Shutter	Mode Settings
Quick Silent	Caller ID Notice
Hold Calls	Operator Notice

For details about functions/operations, see the Bluetooth® watch guide.

Bluetooth® Connection

Sender	Recipient

Connecting to PC

Accessing Memory Card from PC

Connect handset to a PC via USB Cable to access Memory Card from the PC without removing the card from handset.

- USB Cable may be purchased separately.
- If handset is connected to a PC via USB Cable, disconnect it first.

1. ● ➡ ⊙ *Settings* ➡ ● ➡ ⊙ *Connectivity* ➡ ⊙ *USB Mode* ➡ ●

2. ⊙ *Mass Storage* ➡ ●

   Tᴵₗₗ   📷   15:05

   Mass Storage

   ┌─────────────────┐
   │ Calling not   │
   │ available during│
   │ operation, OK? │
   │   Yes   │
   │   No   │
   └─────────────────┘
3. ⊙ *Yes* ➡ ●

4. **Connect handset to a PC via USB Cable**
   - Use PC to access Memory Card.

5. ⊛ ➡ ⊙ *Yes* ➡ ● ➡ **Connection ends**
   - Safely remove handset (recognized as removable hardware device) on the PC, then disconnect USB Cable.

Utility Software (Japanese)

Supplied CD-ROM contains these utility software programs:

Modem Wizard	Use handset as a modem
Memory Card Transfer Software	Transfer files on Memory Cards formatted for other SoftBank handsets by SHARP to Memory Cards for handset
SoftBank Utility Software[*]	Transfer files between handset and PC
S! Music Connect[*]	Manage WMA files and transfer them to handset

[*]Access download page from Utility Software CD-ROM.

- USB Cable driver is also contained.
- For details, see **Utility Software Starter Guide** (Japanese) on Utility Software CD-ROM.

Mobile Data Communication Fees

- Using the Internet by connecting handset to PC/PDA may incur high charges as large-volume packet transmissions tend to occur in a short period of time; check transmission fees while online.

Backup & Restore

Back up information to Memory Card, and restore to handset as needed.
The following folders/entries can be transferred at once:

Phone Book[*]	**Drafts**[*]
Calendar[*]	**Templates**
Tasks[*]	**Contents Keys**
Bookmarks[*]	**Data Folder**
Notepad[*]	**S! Town**
Received Msg.[*]	**Mail Groups**
Sent Messages[*]	**User Dictionary**

[*]Selectable simultaneously via *Check Selection* in Options menu.

Precautions

● Not available if battery is low.
● Some items may not be transferable; some settings may be lost, or files may not transfer properly.

Transferring All Items

Use blank Memory Card for *Backup All Items*. Do not use the card to save other files after *Backup All Items*; backed up content may not be restored properly.

Transferring Selected Items

■ **Received Msg.**
● Transfer deletes Auto Sort Keys.
● Mail Notices are restored as messages, invalidating complete message retrieval.
● If spam filter is available on recipient handset, Spam Folder messages are saved in spam folder regardless of the setting. (If unavailable, they are saved as normal received messages.)

■ **Sent Messages**
Transfer deletes Auto Sort Keys.

■ **Drafts**
If transferred from Drafts, only the first entered recipient remains or SMS addressed to multiple recipients may not be saved.

■ **Bookmarks**
● Yahoo! Keitai, Streaming and PC Site Browser Bookmarks are all backed up.
● Streaming Bookmarks are saved as Yahoo! Keitai Bookmarks.

■ **Contents Keys**
Moving Keys to Memory Card creates a special file. Performing Backup again on the same Memory Card overwrites that file. Perform Restore beforehand.

Handset to Memory Card

Follow these steps to back up selected items at once:

1. ● ➡ ✪ *Settings* ➡ ● ➡ ☉ *Connectivity* ➡ ◉ *Backup* ➡ ●
   ```
   Backup
   Backup All Items
   Backup Selected I...
   Restore All Items
   Restore Selected ...
   Settings/Manage
   ```
   Backup Menu

2. ◉ *Backup Selected Items* ➡ ● ➡ **Enter Handset Code** ➡ ●

3. ◉ *Yes* ➡ ●

4. ◉ **Select item** ➡ ● (□/☑) ➡ **Complete selection**
   - For *Phone Book* confirmation appears. Choose *Yes* or *No* and press ●.

5. ⓨ ➡ ◉ *Yes* ➡ ●
   - To cancel, press ⓨ.

6. **Backup complete** ➡ ● ➡ ●

   Selecting Multiple Items at Once
   In ④, ✉ ➡ ◉ Select option ➡ ● ➡ From ⑤
   Selecting/Canceling All Items
   In ④, ✉ ➡ ◉ *Check All* or *Uncheck All* ➡ ●

Memory Card to Handset

Follow these steps to restore selected items:

Restoring backed up content to handset overwrites current handset content (with the exception of Contents Keys).

1. **In Backup menu,** ◉ *Restore Selected Items* ➡ ● ➡ **Enter Handset Code** ➡ ●

2. ◉ *Yes* ➡ ●

3. ◉ **Select item** ➡ ● (□/☑) ➡ **Complete selection**

4. ⓨ
   - If no file list appears, skip ahead to ⑦.

5. ◉ **Select file** ➡ ●
   - Repeat ⑤ to complete selection.

6. ●

7. ◉ *Yes* ➡ ●
   - To cancel, press ⓨ.

8. **Restore complete** ➡ ● ➡ ●

About SAB

Back up Phone Book content in SAB; add Phone Book changes to SAB anytime. Edit SAB online via PC; add SAB changes to Phone Book anytime. Restore lost or altered Phone Book content from SAB.
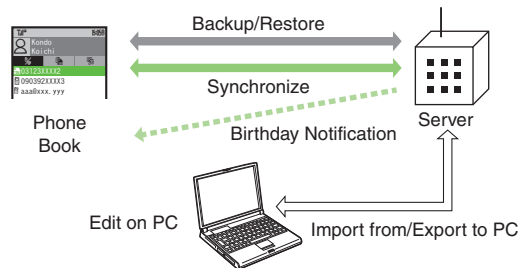

- SAB requires a separate contract and basic monthly fee.
- Use SAB to add Phone Book content to a new compatible SoftBank handset; some conditions apply (**P.12-13**).
- Use a PC to edit SAB online.
- For more about SAB, see the corresponding Website (**P.14-22**).
- Sync commands (Backup, Restore and Synchronize) all incur transmission fees.

SAB Sync Commands & Features

Backup/ Restore	**Backup**	Export Phone Book content to SAB[1]
	Restore	Import SAB content to Phone Book[2]
Synchronize	**Synchronize**	Synchronize Phone Book and SAB[3]
	Sync from Client	Add Phone Book changes to SAB[4]
	Sync from Server	Add SAB changes to Phone Book[5]
Edit on PC	**Import from PC**	Upload PC address book info to SAB
	Export to PC	Export SAB content to PC address book
Send Notice[6]	**Birthday Notification**	SAB sends reminders via SMS to handset
	Email Address Notification[7]	Send new handset mail address to specified addresses
	"Disaster Message Board" Message Notification[8]	Send emergency message board update to specified addresses
Spam Filter	**Tomodachi Email Filter[9]**	Always accept messages from mail addresses saved in SAB

[1] Any existing SAB content is deleted.
[2] Any existing Phone Book content is deleted.
[3] If the same entry item is edited in Phone Book and SAB, SAB content is referenced.
[4] Unrelated SAB changes remain.
[5] Unrelated Phone Book changes remain.
[6] Access this function via handset or a PC.
[7] Backup resets notification setting; handset address is sent to all addresses.
[8] Backup resets notification setting; updates are not sent to any address.
[9] Export Phone Book content to SAB beforehand.

Service Usage Outline

Complete Contract

Visit a SoftBank Shop, dial 157 from a SoftBank handset for SoftBank Customer Center, General Information or access My SoftBank (Japanese) via Yahoo! Keitai.

↓

Receive User ID & Password

After subscription, User ID and Password arrive via SMS.
- User ID and Password are required to use SAB via a PC.

↓

Use SAB

Export Phone Book content to SAB.

Precautions

■ **Unsynchronizable Items**

SAB restoration cancels these Phone Book settings:
- Picture, Tone/Video, Illumination, Vibration

■ **Unintentional Phone Book or SAB Content Deletion**
- When no Phone Book content exists, selecting *Synchronize*, *Sync from Client* or *Backup* deletes all SAB content.
- When no SAB content exists, selecting *Synchronize*, *Sync from Server* or *Restore* deletes all Phone Book content.

■ **Phone Book ⇔ SAB Content Capacity Disparities**

When the number of savable items varies between Phone Book and SAB entries, Synchronization reflects lower limit.

■ **Contract Termination**

SAB content is deleted upon contract termination.

■ **SAB Transfers to New Handsets**
- **SAB-Compatible 3G Handsets**
  SAB remains as last saved and is fully accessible.
- **Other 3G Handsets**
  SAB remains as last saved and is accessible via PC.
- **V3/V4/V5/V6/V8 Series**
  Service contract is terminated and SAB content is deleted.

Appendix

$\mathbb{Q}$

14-1

About USIM Card

USIM Card is an IC card containing customer and authentication information, including the handset number. USIM Card must be inserted to use this handset. Save Phone Book entries on USIM Card Phone Book to use them on other SoftBank handsets. Depending on the USIM Card in use, some entry items may not be supported, and some limits (character entry, etc.) may be lower.

Precautions
IC Chip

- Do not insert USIM Card into any other IC card device. SoftBank is not liable for resulting damages.
- Keep the USIM Card IC chip clean; malfunction may result. Use a dry, soft cloth to clean the USIM Card.
- Do not attach labels to USIM Card. Malfunction may result.

Important
- USIM Card is the property of SoftBank.
- USIM Card will be reissued for a fee if lost or damaged.
- Return USIM Card to SoftBank upon subscription termination.
- Returned USIM Cards are recycled.
- USIM Card specifications may change without prior notice.
- Back up USIM Card files. SoftBank is not liable for lost files.
- If your USIM Card or handset (with USIM Card inserted) is lost or stolen, suspend your service immediately. For details, contact SoftBank Customer Center, General Information (**P.14-39**).

USIM PINs

There are two Security Codes for USIM Card; both are *9999* by default.

| PIN1 | Security Code to prevent unauthorized use of handset |
| PIN2 | Required to clear Call Costs and to set Max Cost, etc. |

PIN Lock
- Entering incorrect PIN three consecutive times activates PIN1 Lock or PIN2 Lock, limiting handset use.

Canceling PIN Lock
- Contact SoftBank Customer Center, General Information (**P.14-39**) for your Personal Unblocking Key (PUK Code) and follow these steps:
    Enter PUK Code ➝ ● ➝ Enter new PIN ➝ ● ➝ Re-enter new PIN ➝ ●
  ■ Write down PUK code.

USIM Lock
- Entering incorrect PUK Code ten consecutive times locks USIM Card, disabling handset. To learn how to unlock USIM Card, contact SoftBank Customer Center, General Information (**P.14-39**).

USIM Card Installation

- Do not apply excessive force to insert/remove USIM Card.
- USIM Card must be inserted to use this handset.

Inserting

1. **Remove battery (P.14-4)**

2. **Using Tab, pull out Tray as shown until it clicks**

Tray

Tab
3. **Slide in USIM Card with IC chip facing up**

Notch
4. **Push in Tray fully**

- Reinstall battery (**P.14-4**).

Removing

Take care not to lose removed USIM Card.

1. **Remove battery (P.14-4)**

2. **Using Tab, pull out Tray as shown until it clicks**

Tab
3. **Lift and slide out USIM Card as shown**
- Reinstall battery (**P.14-4**).

After Repairs, USIM Card Replacement or Handset Upgrade/Replacement
- Some downloaded files may be inaccessible. In addition, S! Applications, BookSurfing®, S! Town and Near Chat may be disabled after USIM Card replacement.

Battery Installation

About Battery

- Charge battery at least once every six months; an uncharged battery may become unusable or affect files/settings.
- Depending on usage, bulges may appear near end of battery life; this does not affect safety.
- Replace battery if operating time shortens noticeably.
- Clean device charging terminals with a dry cotton swab.
- To maintain water resistance, close Battery Cover properly.
- Battery is not water-proof.

Lithium-ion Battery

- This product requires a lithium-ion battery. Lithium-ion batteries are a recyclable resource.

  Li-ion 00

  - To recycle a used lithium-ion battery, take it to any shop displaying the symbol shown above.
  - To avoid fire or electric shock, do not short-circuit or disassemble battery.

Inserting & Removing

1. **Unlock and remove cover**
2. **Insert battery**
- With logo side up, fit tabs into battery cavity slots.

3. **Close cover**

   Press Here

- Fit cover top into slot, then press down firmly.

4. **Lock cover**
- Slide lever as shown until it clicks.
- Close cover firmly. Water may seep inside handset when there is debris between cover and base.

Removing

- Turn handset power off, then take hold of Battery Tab (printed "PULL") and lift as shown.
- If Battery Tab rips off and battery cannot be removed, contact a SoftBank Shop.

Software Update

Check for firmware updates and download as required.

Precautions

● Handset is disabled until update is complete. Update may take up to approximately 30 minutes.
● Update failure may disable handset. To reduce failure risk, make sure signal is strong and stable, and charge battery beforehand.
● Update will not start if other functions are in use. Before updating software (or before scheduled update time), end all active functions/applications.
● Disconnect USB Cable beforehand to reduce failure risk.
● Always back up important information. SoftBank cannot be held liable for damages from lost information, etc.

Updating Software

Packet transmission fees do not apply to updates (including checking, downloading and rewriting).

1. ● ➡ ۞ *Settings* ➡ ● ➡ In Phone Settings menu, ۞ *Software Update* ➡ ●

2. ۞ *Software Update* ➡ ●

> Software Update
> Update software in a place where signal conditions are strong/stable. All incoming and outgoing signals will be disabled for the duration of this update.
> Continue?
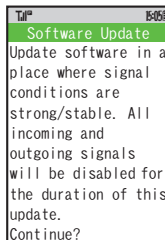

● Follow onscreen instructions.

Setting Update Period (Japanese)
In ②, ۞ *Update Period* ➡ ●
■ Follow onscreen instructions.
Update Result
In ②, ۞ *Update Result* ➡ ●

Scheduled Update

Confirmation appears at scheduled update time. Press ● or wait a while for update to start.

When Updated

A message appears and handset reboots.

> Software Update
>
> Updated successfully.
> Rebooting phone...

After reboot, completion message appears and Information window opens.

Update Result
While Information window appears, ۞ *Update Result* ➡ ●
Reboot Failure
● If handset does not return to Standby after update, turn power off, reinsert battery, then restart it. If it still does not restart, contact SoftBank Customer Center, Customer Assistance (**P.14-39**).

Appendix

14

14-5

Troubleshooting

■ General

Problem	Possible Cause	Solution
Handset won't turn on	Was 🔘 pressed long enough?	Press 🔘 longer.
	Battery may need to be charged or replaced.	Charge battery or install a charged battery.
	Battery may not be properly installed.	Install battery properly (**P.14-4**).
Handset won't respond	Is *Switch On/Off* in PIN Entry *On*?	If *On*, PIN1 is required. Enter PIN1 according to onscreen prompt.
Insert USIM Card **appears**	USIM Card may not be properly inserted.	Turn power off and check that USIM Card is properly inserted, then restart handset. If the message still appears, USIM may be damaged.
	The correct USIM Card may not be inserted.	Make sure the correct USIM Card is inserted. The inserted USIM Card may not be valid.
	There may be debris on IC chip/terminals.	Clean relevant parts with a dry cloth and re-insert.
REFRESH **appears and handset returns to Standby**	Handset may have been dropped or subjected to shocks.	Handset failed to recognize USIM Card temporarily. This is not a malfunction.
Keypad won't respond	Keypad Lock may be active (📱 appears).	Cancel Keypad Lock (**P.1-13**).
	Function Lock may be active (🔒 appears).	Cancel Function Lock (**P.11-2**).
Battery strength indicator flashes when not charging	Ambient temperature may be outside 5℃ to 35℃.	Use within an ambient temperature of 5℃ - 35℃.

Problem	Possible Cause	Solution
Saved entry/folder does not appear on handset	Entry/folder may be set to Secret.	Activate Show Secret Data (**P.11-3**).
Cannot use Predictive	Show Secret Data may be active.	Cancel Show Secret Data.
Handset/AC Charger/Desktop Holder feels warm	Handset/accessories may warm while charging.	Unless handset/accessories are too hot to touch, warmth is considered normal. Always avoid prolonged skin contact to prevent burn injuries.
	Handset may warm during extended periods of use.	
	Handset may warm during Video Calls.	
Cannot access Memory Card files	Memory Card may not be properly formatted.	Use 824SH-formatted Memory Cards.
Cannot receive/ accept connection requests even when Bluetooth®/ Infrared is *On*	Handset may not be in Standby.	Return to Standby and retry.
	Keypad Lock/Function Lock may be active.	Cancel Keypad Lock/Function Lock.
	Software Update may be in progress.	Wait until update is complete.

■ Charger/Battery

Problem	Possible Cause	Solution
Battery charges quickly	Remaining charge shortens charging time.	This is normal.
	Battery may be terminally exhausted or defective. (Illumination Light flashes red.)	Replace battery with a new one.
Battery charges slowly	Charging slows during Video Calls.	End the call to charge faster.
	Battery may be charging via USB.	Use AC Charger.
Battery won't charge	AC Charger or Desktop Holder may not be properly connected to handset.	Make sure connector is securely inserted and retry.
	AC Charger may not be firmly plugged in to AC outlet.	Remove plug from outlet, re-insert and retry.
	Battery may not be properly installed.	Install battery properly (**P.14-4**).
	Battery, AC Charger, or handset/Desktop Holder charging terminals, or Device/Desktop Holder Connection Port may be obstructed by dust, etc.	Clean terminals, connector and Port with a dry cotton swab and retry.
	Charger/holder, etc. may not be supported.	Use specified AC Charger, Desktop Holder, etc. only; others may damage battery.

Problem	Possible Cause	Solution
Battery Time seems shorter than usual	High power consuming operations are in use.	Keep handset closed in Standby; reduce TV, S! Application, Media Player and Camera use, and limit transmissions/external connections.
	Using handset in poor conditions may shorten Battery Time.	Avoid prolonged use of handset out-of-range or in poor signal conditions.
	Power hungry settings may be active.	Lower Brightness, select shorter Display Saving/Backlight time, etc.

■ Calling

Problem	Possible Cause	Solution
Cannot place call	Keypad Lock may be active (⊞ appears).	Cancel Keypad Lock (**P.1-13**).
	Function Lock may be active (🔒 appears).	Cancel Function Lock (**P.11-2**).
	Offline Mode may be active (🛪 appears).	Cancel Offline Mode (**P.1-15**).
Call won't connect and there's a beeping tone	Did you include the area code or the first *0*?	Dial the number including the area code or *0*.
	Handset may be out-of-range (out appears).	Move to a place where signal is strong and retry.

■ Calling (continued)

Problem	Possible Cause	Solution
Call is choppy or cut off	Network signal may be weak.	Move to a place where signal is strong and retry.
	Battery may need to be charged or replaced.	Charge battery or install a charged battery.
Clicking noise is heard during call	Handset may be moving into another service area.	Noise is heard when Network signal switches. This is normal.
Cannot hear other party's voice	Earpiece Volume may be low.	Increase Earpiece Volume (**P.3-10**).
	Sound output may be set to use handsfree device.	Set Transfer Audio (**P.3-10**) to *To Phone*.
Cannot use Answer Phone or Caller Voice	Memory may be full.	Answer Phone and Caller Voice are disabled when less than 12 seconds remain or 20 messages are recorded. Delete messages (**P.3-3**).
	Is the call a Video Call?	Answer Phone and Caller Voice are not available for Video Calls.
Cannot save phone number for Call Forwarding	Does the number start with *1*, *00*, *0120* or *0990*?	Public service numbers, international call numbers starting with 00, toll-free numbers and fee-based service numbers cannot be saved.

■ Messaging

Problem	Possible Cause	Solution
Cannot receive messages	Does 📧 appear?	Memory is full. Delete messages (**P.4-22**).
	Does out appear?	Move to a place where signal is strong.
S! Mail is not delivered as sent	Recipient handset may not be S! Mail-compatible.	Recipient must be subscribed to S! Mail, Super Mail or Long Mail. The maximum size of messages/attachments handsets can receive varies by make and model. Confirm compatibility with recipient handsets.
Still images are not delivered as sent	Recipient handset may not be JPEG-compatible.	Convert JPEG files to PNG (**P.7-13**).
Video clips are not delivered as sent	Recipient handset may not support the file format.	Send video clips to S! Mail- or VGS-compatible SoftBank handsets supporting MPEG-4.

■ Other Functions

Problem	Possible Cause	Solution
TV, mobile camera, etc. won't activate	Battery may need to be charged or replaced.	Charge battery or install a charged battery.
Cannot watch TV	Network Information may need to be retrieved.	Retrieve Network Information (**P.13-17**).
	Subscription may be terminated.	TV is disabled when USIM Card is not inserted or upon subscription termination.
Cannot use Osaifu-Keitai® (S! FeliCa)	Battery may need to be charged or replaced.	Charge battery or install a charged battery.

Key Assignments

Specifications

SoftBank 824SH

Weight	Approximately 127 g
Continuous Talk Time	Approximately 250 minutes (3G) Approximately 230 minutes (GSM)
Continuous Standby Time	Approximately 340 hours (3G) Approximately 310 hours (GSM) (handset closed)
Charging Time (power off)	AC Charger: Approximately 140 minutes In-Car Charger: Approximately 140 minutes
Dimensions (W x H x D)	Approximately 50 x 105 x 15.3 mm (handset closed, without protruding parts)
Maximum Output	0.25 W (3G) 2.0 W (GSM)

- Above values calculated with battery installed.
- Continuous Talk Time is an average measured with a new, fully charged battery, with stable signals.
- Continuous Standby Time is an average measured with a new, fully charged battery, with handset closed without calls or operations, in Standby with stable signals.
- Talk Time/Standby Time may vary by environment, status, settings, etc.
- Display employs precision technology, however, some pixels may appear brighter/darker.

■ **Handset Materials (Elegant Line)**

Parts	Materials & Finishing
Housing (Display side), housing (Keypad side)	Nylon resin/SUS (insert-molded), discontinuous deposition/UV painting
Housing (Display back hinge), housing (hinge; Illumination Light area)	ABS resin, discontinuous deposition/UV painting
Housing (Display back)	SUS, electrodeposition coating
Housing (battery side), Battery Cover	Nylon resin, UV painting
Display window, camera lens, External Display window	Acrylic resin
Camera ornament (Infrared Port, Mobile Light), Center Key, Start Key, Power On/Off Key, Mail Key, Yahoo! Keitai Key, Shortcuts & A/a Key, Clear/Back Key, TV & Text Key, Multi Job & Manner Key, Keypad	PC resin
Battery Cover Lever	POM resin
Multi Selector	Aluminum, anodized aluminum paint
Side Keys	PC resin, UV painting
External Device Port Cover, Headphone Port Cover	PC resin/Elastomeric resin, discontinuous deposition/UV painting
Charging Terminals	SUS/Gold plating (sealer: nickel)

Parts	Materials & Finishing
Screw (all pieces)	SWCH12A/Trivalent chromate, EPDM O-ring seal
USIM pin	Copper alloy/Gold plating (sealer: nickel)

■ **Handset Materials (Active Line)**

Parts	Materials & Finishing
Housing (Display side), housing (Keypad side)	Nylon resin/SUS (insert-molded), UV painting
Housing (Display back hinge)	ABS resin, UV painting (ABS resin, discontinuous deposition/UV painting for Silver)
Housing (Display back)	SUS, two-part coating/UV painting (SUS, electrodeposition coating for Metallic Silver)
Housing (battery side), Battery Cover	Nylon resin, UV painting
Housing (hinge; Illumination Light area)	ABS resin, discontinuous deposition/UV painting
Display window, camera lens, External Display window	Acrylic resin
Camera ornament (Infrared Port, Mobile Light), Center Key, Start Key, Power On/Off Key, Mail Key, Yahoo! Keitai Key, Shortcuts & A/a Key, Clear/Back Key, TV & Text Key, Multi Job & Manner Key, Keypad	PC resin

External Device Port Cover, Headphone Port Cover	PC resin/Elastomeric resin, UV painting
Charging Terminals	SUS/Gold plating (sealer: nickel)
Screw (all pieces)	SWCH12A/Trivalent chromate, EPDM O-ring seal
USIM pin	Copper alloy/Gold plating (sealer: nickel)

Accessories

■ Battery

Voltage	3.7V
Battery Type	Lithium-ion
Capacity	770 mAh
Dimensions (W x H x D)	Approximately 37.3 x 44.8 x 4.7 mm (without protruding parts)

■ Desktop Holder

Input Voltage/Current	DC 5.4V/700 mA
Output Voltage/Current	DC 5.4V/700 mA
Charging Temperature	5°C to 35°C
Dimensions (W x H x D)	Approximately 76 x 105 x 68 mm (with Stand attached)

Basic Operations

■ Wallpaper/Standby Window

Standby Window	3 tags (100 characters each)

■ Text Entry

User Dictionary	250 entries (5 per reading) Word: 15 characters Reading: 8 hiragana
Acquire Dictionary	5 dictionaries
Paste List	10 text strings
Recoverable Deleted Characters	64 characters

■ Phone Book

Entry	1,000 entries
Name/Reading	Last/First: 32 characters each
Phone Number	5 numbers (32 digits each)
Mail Address	5 addresses (128 characters each)
Category	16 Categories
Address	Postal Code: 20 characters Country: 32 characters Others: 64 characters each
Office	32 characters per item
Homepage	1,024 bytes
Note	256 characters
Mail Groups	20 Groups (20 members each) Group name: 16 characters

■ Data Folder

Memory	50 MB (shared with Templates folder and S! Appli Library)

Calling

Dialed Numbers	Dialed Numbers: 30 records Dialed Frequency: 10 records
Received Calls	30 records
Answer Phone/Caller Voice	20 messages or 90 seconds
Auto Answer List	10 numbers

Messaging

Memory	Received Msg.	10 MB or 3,000 messages
	Drafts	5 MB (or 1,000 messages for Sent Messages)
	Sent Messages	
	Unsent Messages	
	Templates	50 MB (shared with Data Folder and S! Appli Library)
PC Mail/S! Mail Subject	512 single-byte characters	
PC Mail/S! Mail Message	Approximately 30,000 single-byte characters	
SMS Message	160 single-byte alphanumerics	
Auto Resend	2 times	
Attachment	20 files or 300 KB	
Send Reservation	10 messages	
Speed Dial/Mail	100 numbers/addresses	
Signature	256 single-byte characters	
Recipient	20 numbers/addresses	
Folder	20 folders (20 Auto Sort Keys each)	
Chat Folder	Memory	300 messages per folder
	Folder	10 folders (20 members each)
Graphic Mail	1 sound or Flash® file, or 40 images/My Pictograms (with 1 sound or Flash® file)	
3D Pictogram	150 characters	
Auto Reply	20 numbers/addresses (256 single-byte characters each)	
Anti Spam Measures	Individual	20 entries
	Permitted List	20 entries

■ PC Mail Settings

PC Mail Account	Account	3 accounts
	Account Name	20 characters
Set Receiving	User Name	128 characters
	Password	32 characters
	ReceivingServer	128 characters
	Port Number	1 to 65535
Set Sending	Sender Name	20 characters
	Mail Address	128 characters
PC Mail DL	Individual Address	20 addresses

Yahoo! Keitai & PC Site Browser

Download	Yahoo! Keitai	300 KB per page
	PC Site Browser	1 MB per file
History	300 pages	
URL Entry Log	10 URLs	
Bookmarks/ Saved Pages	100 pages	
Tab	3 tabs at one time	
Input Memory	20 entries	
Streaming History	10 URLs	
RSS Feeds	30 entries (30 KB per entry)	

Digital TV

Recorded File	ISDB-T mobile Video profile (SD-Video standard)
Recording Time (example)	Approximately 80 minutes on 256 MB Memory Card
Marker	99 Markers (10 per file)
Split File	99 portions per file
Reservation List	5 entries (4 hours each on 1 GB Memory Card)

Camera & Imaging

■ Mobile Camera

Effective Pixels	3.2 Megapixels
Auto Shut-off Time	Approximately 3 minutes

■ Photo Camera

Zoom	1x - 26x	
Picture Size (W x H dots)	3M	1536 x 2048 (QXGA)
	Full HD	1080 x 1920
	2M	1200 x 1600 (UXGA)
	1.2M	960 x 1280 (Quad-VGA)
	VGA	480 x 640
	Standby	240 x 400
	Mail L	240 x 320 (QVGA)
	Mail S	120 x 160 (QQVGA)
Scanner Image Size (W x H dots)	Free, 1200 x 640, 480 x 1488, 1280 x 960	
File Format	JPEG	
Memory	Approximately 2,560 files with default settings	
File Name	ImageXXX.jpg (XXX: 3 digits)	

Shooting Distance	Macro: 10 cm
Other	Use 40 KB or smaller transparent PNG files as Frames

■ Video Camera

Zoom	1x - 12x (SubQCIF)	
Record Size (W x H dots)	SD VIDEO	320 x 240 (QVGA)
	Extended Video	320 x 240 (QVGA)
		240 x 176 (HQVGA)
		176 x 144 (QCIF)
		128 x 96 (SubQCIF)
	For Message	176 x 144 (QCIF)
		128 x 96 (SubQCIF)
File Format	3GP/ASF	
Recording Time per Shot	SD VIDEO	Capacity-based
	Extended Video	30 minutes on Memory Card
	For Message	295 KB
File Name	MOLXXX.ASF, videoXXX.3gp (XXX: 3 digits)	
Recording Distance	1.5 m in good light	

■ Editing Images

<table>
<tr><td rowspan="6">Picture Editor</td><td rowspan="2">Resize (W x H dots)</td><td>Wallpaper (240 x 400)

</table>

Media Player & S! Applications

■ Media Player

Supported Formats	WMA (.wma), AAC (.mp4/.3gp/.m4a), Secure AAC (Secure SD-Audio standard) (Some files may not play depending on sampling frequency and bit rate)	
Editing Video	Size	W 176 x H 144 dots or smaller
	Subtitle	10 subtitles (48 single-byte characters each)

■ S! Applications

Memory	100 items or 50 MB (shared with Templates folder and other folders in Data Folder)
Remote Control	Approximately 5 m

Handy Extras

■ PIM/Lifestyle Tools

Calendar*/Tasks	300 entries, Subject: 32 characters Description: 128 characters Location: 16 characters Set Holiday: 10 holidays
Alarms	5 entries, Subject: 9 characters
Wakeup TV	Auto Shut-off	Approximately 30 minutes
Calculator	999,999,999,999
Expenses Memo	30 entries (999,999.99 yen each)
Osaifu-Keitai®	Remote Lock password: 5 - 16 single-byte alphanumerics
Pretense Call	Name: 10 characters Phone Number: 17 digits Calling Timing: 5 options (up to 3 minutes later)

*Preset holidays are based on Japanese calendar as of May 2008.

■ Timer/Clock Tools

Stopwatch	23 hours 59 minutes 59.9 seconds in 0.1-second increments Lap time: 4 records
Countdown Timer	60 minutes in 1-second increments
World Clock	City name: 16 characters

■ Doc./Rec. Tools

Document Viewer	Supported Formats	PDF (.pdf) Microsoft® Excel® (.xls) Microsoft® Word (.doc) Microsoft® PowerPoint® (.ppt)
	File Size	10 MB
Notepad	500 entries (8,192 characters each)	
Voice Recorder	For Message	Approximately 3 minutes per file
	Extended Voice	99 hours 59 minutes 59 seconds
Scan Barcode (Continuous Mode)	UPC/JAN	50 codes
	QR Code	16 codes
Create QR Code	Equivalent of 513 digits, 311 alphanumerics or 131 kanji	
Scan Text	256 characters	

■ Entertainment

S! Quick News	Special: 1 item News Flash: 1 item General: 4 items
e-Books	Copy text strings of up to 20 characters

Communication Services

■ S! Loop

S! Loop List	5 items

■ S! Friend's Status

Member	30 members
My Status	Name: 7 characters Comment: 15 characters Status Label: 4 characters
Status Templates	Template name: 12 characters

■ S! Circle Talk

Participant	11 members
Speak Time	30 seconds each
Member List	30 entries (10 members per Group)

Connectivity & File Backup

■ Infrared

Infrared Transfer	IrMC 1.1	
	Range	Within 20 cm
IrSS Transfer	Receive 2 MB or smaller JPEG images	

■ Bluetooth®

Communication System	Bluetooth® specification Ver. 2.0
Supported Profiles	Headset Profile Hands-Free Profile Dial-up Networking Profile Object Push Profile File Transfer Profile Basic Imaging Profile Advanced Audio Distribution Profile Audio/Video Remote Control Profile
Output	Bluetooth® Power Class 2
Range	Within 10 m
Device Search	16 devices
Pairing	32 devices
Device Name	16 characters
Printing	JPEG/PNG images

■ Memory Card

Backup File Name	yymmddXX* (XX: 2 digits/alphabets)

*yymmdd for Contents Keys.

■ S! Addressbook Back-up

Log	10 Backup/Restore/ Synchronization records

Network Settings

Add Network	5 Networks Country/Network code: 3 digits Name: 25 single-byte characters

Index

Objectives

Warranty & Service

■ **Warranty**

Warranty is provided when you purchase handset.

● Check the name of distributor and date of purchase.
● Read contents and keep in a safe place.
● The warranty term is described in the warranty.

■ **After-Sales Services**

See **P.14-6** "Troubleshooting" before contacting SoftBank for service or repairs.

If you cannot find solutions or solve problems, contact SoftBank Customer Center, Customer Assistance (**P.14-39**) in your subscription area and provide a detailed description of the problem.

● Repairs within warranty are performed under terms and conditions described.
● Out of warranty, possible repairs are performed upon request at subscriber expense.

For other services, contact the distributor, the nearest SoftBank Shop or SoftBank Customer Center, General Information (**P.14-39**). Replacement parts are available for 6 years after termination of production.

● SoftBank is not liable for any damages resulting from use of this product.
● SoftBank is not liable for any damages resulting from accidental loss/alteration of handset data. Keep a copy of Phone Book entries, etc. in a separate place.
● Disassembling or modifying handset may violate the Radio Law. Modified handset will not be repaired.

Customer Service

For SoftBank handset or service information, call General Information. For repairs, call Customer Assistance.

SoftBank Customer Centers
From a SoftBank handset, dial toll free at **157**
for General Information or **113** for Customer Assistance

SoftBank Global Call Center
From outside Japan, dial +**81**-**3**-**5351**-**3491**
(International charges apply.)

Call these numbers toll free from landlines.

SoftBank 824SH Instruction Guide

August 2008, First Edition
SOFTBANK MOBILE Corp.

For additional information, please visit a SoftBank Shop.

Model: SoftBank 824SH
Manufacturer: SHARP CORPORATION

モバイル・リサイクル・ネットワーク
携帯電話・PHSのリサイクルにご協力を。

Please help the mobile industry maintain high environmental standards. Recycle your old handsets, batteries and charger units (all manufacturers and brands). Before you recycle, please remember these important points:

● Handsets, batteries and chargers submitted for recycling cannot be returned.
● Always erase all data recorded on old handsets (Phone Book entries, call records, mail, etc.) before recycling.

Mind your mobile manners when carrying a handset.
