Emergency Calls

Your location is automatically reported to the corresponding agency (police, etc.) when you place emergency calls (110, 119, or 118) with Softbank 3G handsets.
(Emergency Location Report)
830N reports Location Information based on positioning signals from radio stations.

● Registration and transmission fees do not apply.
● Positioning accuracy is affected by location and signal conditions. Always provide your location and purpose on the phone.
● Location Information is not reported when emergency calls are placed without Caller ID (such as when the number is prefixed with 184). However, the corresponding agency may obtain your Location Information in a life threatening situation.
● Not available during international roaming.

Emergency calls are possible even while some handset restrictions are active.

· Restrict Dialing (P. 2-26)
· Keypad Lock (P. 4-4)
· Set Max Cost Limit (P. 14-19)
· Emission OFF Mode (P. 4-7)
· PIN1 Code Entry Set (P. 4-2)
Calling Abroad from Japan

International Call

Make/receive voice and video calls.

· International phone service available without separate application.

Using Handset Abroad

Handset is Global Roaming Service eligible.
(Prior application may be required.)

Global Roaming

· For details of service and eligible countries and regions, see SOFTBANK MOBILE Corp. Website (http://www.softbank.jp), or contact SoftBank Customer Center, General Information (P. 15-52).
