Video & Music

Accessing Webcasting Sites (Japanese)

Access Yahoo! Streaming and other webcasting sites.

- Subscription to Keitai Wi-Fi may be required to use some services/content.
- Read information on the source site.

- 1  ➔ **Videos/Music** ➔ 
 - If an update message appears, follow onscreen prompts.
- 2 **Select item** ➔ 
 - Follow onscreen instructions.

Menu Updates

Information window opens for Videos/Music menu update notice. Follow these steps to open it:

- 1 **In Information window, Menu Update Notif.** ➔ 
- 2 **Yes** ➔ 
 - Follow onscreen instructions.

Suppressing Information Window for Menu Updates

-  ➔ **Settings** ➔  ➔  **Phone** ➔ 
- ➔ **Videos/Music Menu Updates** ➔ 
-  ➔ **Notification Off** ➔ 

Streaming

Most media on webcasting sites are provided as streams; handset plays media while it downloads.

Playing Media Streams

- 1 **Select file** ➔ 

- Playback starts.
- For playback window description, see **P.9-6** "Video Playback Window Description."

Stopping Playback During playback,

Playback Sound

- Streaming sound is heard from Speaker/Headphones regardless of  Sound Output setting in Media Player.

Media Player Basics

Use Media Player to play music/video on 945SH.

- Download media files from Mobile Internet sites via Media Player or transfer files from PCs or AQUOS Blu-ray Disc recorders (hereafter "Blu-ray Disc recorders").
- Transfer PC music files and save them on Memory Card.

Music File Support

Transferred SD-Video Files

Playback Precautions

- Media Player is not compatible with some recording/playback formats. Files may not play depending on the Memory Card status.
- Playback stops for incoming calls.
- If battery is low, Media Player will not play. Playback stops if battery runs low during playback.
- Turn down the volume if distortion is noticeable in Speaker sound.
- Handset plays media while it downloads (streaming/progressive download). Packet transmission fees apply (except when downloading via Wi-Fi) even while playback is paused.

Compatibility

- Files transferred from PCs cannot be used as ringtones or System Sounds.

Downloading Media Files

Download media files from the Internet. Read information (price, expiry date, etc.) on the source site.

- 1 **Entertainment** **Media Player**

- 2 **Music or Videos**

- 3 **Download Music or Download Videos**

- Follow the links to download media.

Saving Music Files from PCs

- Use software to convert music file format.
- For software usage and specifications, see the provider's website, etc.
- SoftBank Mobile does not guarantee compatibility with any software.
- USB Cable may be purchased separately.

Handling Transferred Files

- Copyright laws limit duplicated material to private use only.
- Files created with PC software, etc. may not play.
- Comply with copyright and other intellectual property laws when using obtained files.

Saving AAC Files

Convert PC music files to 945SH-compatible format (P.17-22), then save to corresponding Memory Card folder (P.17-25) via Mass Storage.

Install USB Cable driver beforehand.

Saving WMA Files

Follow these steps to save WMA files via compatible software:
(Copy protected files can only be played on the handset with which the files were transferred.)

- 1 **Connect handset to a PC via USB Cable**

- 2 **MTP Mode**

- Copy music from PC. Refer to the software's help menu for operational instructions.

- 3 **Yes** **Connection ends**

- Disconnect USB Cable.

If Menu in 1 Does Not Appear

- Follow these steps:
 - Tools** **Connectivity**
 - USB Mode** **From**
 - Operations on the PC may be required; if prompted, follow onscreen instructions.

Playing Music

- 1 → **Entertainment** →
- 2 **Media Player** → → **Music**
→
- 3 **My Music** → → **Select**
tab (folder)

Music Playlists Window

- 4 **All Music** →
- 5 **Select file** →

Music Playback Window

- Album art appears for compatible Chaku-Uta Full® files. (WMA album art is not supported.)

Using Other Functions while Playing Music

After , or

- To stop playback, follow these steps in Standby:

→ **Yes** →

Playing SD AUDIO or WMA Files

In , **SD AUDIO** or **WMA** → →

From

Searching Music Files

After , → **Search** → → Enter
search text →

Lyric Display-Compatible Files

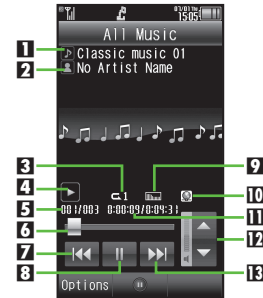

- Press to display lyrics.

Music

? How do I delete files in All Music?

- Delete All Music files in My Music via Data Folder (Music or Ring Songs-Tones).

? WMA files do not appear (WMA files are not transferable)

- Did you use 945SH to transfer the files? Copy protected files can only be played on the handset with which the files were transferred.
- Copy protection information may be corrupted; perform **Delete All WMA** and re-transfer the files.
- Files transferred via Mass Storage appear when moved to corresponding Memory Card folder. (Transfer copy protected files via MTP Mode.)
- WMA files may be corrupted; perform **Delete All WMA** and retry.

? Cannot play WMA files

- Playback rights may have expired (license not found message appears); re-transfer the files. If files still cannot be played, they may be corrupted; perform **Delete All WMA** and retry.

Video

? How do I delete files in All Videos?

- Delete All Videos files via Data Folder (Videos).

? Cannot play video files

- Files created with PC software, etc. may not play.
