Osaifu-Keitai® (Japanese)

Osaifu-Keitai® describes IC Card-equipped handsets that support e-money or credit functions/services. Osaifu-Keitai® encompasses a range of IC Card-based services on FeliCa-compatible SoftBank handsets. 841SH s supports Osaifu-Keitai®. To use e-money, e-ticketing and reward points, etc., hold handset over a compatible reader/writer at shops, restaurants, and other retail outlets, etc.

Basics

Before using Osaifu-Keitai®, activate Lifestyle-Appli, complete registration, customize settings and charge accounts.

Starting Lifestyle-Appli
● ➡ *Tools* ➡ ● ➡ In PIM/Life menu, *Osaifu-Keitai* ➡ ● ➡ *Lifestyle-Appli* ➡ ● ➡ Select application ➡ ●

Important Lifestyle-Appli Usage Notes
● Contact Osaifu-Keitai® service providers for Lifestyle-Appli registration and usage details.
● Keep service passwords/customer service contact information, etc. in a separate place.

Using Osaifu-Keitai®

Follow these steps to conduct a transaction:
Example: Making an electronic payment
● Lifestyle-Appli activation is not necessary.
● Transactions are possible even while handset is off (if battery is adequately charged).
● Calls/Internet transmissions do not affect transactions.

1 **Place ⤓ logo over reader/ writer ➡ Confirm scan results**

Place this part over reader/writer

● Align handset parallel to reader/writer.

Important Osaifu-Keitai® Usage Note
● SoftBank Mobile is not liable for damages resulting from accidental loss/alteration of IC Card data/settings.

When Placed Over Sensor
● If recognition is slow, move handset around slightly.
● Handset may respond automatically for some services.

Advanced

✍ ●Enabling to view e-money balances ●Checking e-money balance ●Moving applications up/down Balance Info list ●Removing applications from Balance Info list (**P.8-39**)
Locking IC Card

IC Card Lock

Restrict access to/prevent unauthorized use of Osaifu-Keitai® on handset.

Osaifu-Keitai®

Cannot use Osaifu-Keitai® (S! FeliCa)

- Battery may be low. Charge battery or install a charged battery.

Recognition via reader/writer takes time

- Check ♫ logo area. Foreign articles can block/hamper recognition.

Call Remote Lock does not activate even after specified number of Missed Calls

- Missed Call count is reset by calls from other numbers. If series is interrupted, start over from the beginning.
- When Call Forwarding is active, Missed Calls may not be recorded.

Voice Recorder

Cannot record properly

- If incompatible microphone is connected, recording may fail.

Noise/skipping occurs

- Avoid shocks to handset while recording; may cause noise or skipping.

Recording takes time to start

- Recording window may take longer to open as more Voice files are saved on Memory Card.

Scanning Barcode/Card/Text

Cannot read barcodes properly

- Scan may fail if barcode is dirty or unclear.
- Scan may fail if barcode is scanned under inadequate light.
- Scan may fail if multiple barcodes are captured at one time.

Cannot read split QR Codes in Data Folder automatically

- When scan fails, follow onscreen instructions and select next barcode image manually.

Cannot scan business cards properly

- Scan fails if business card is printed in light-colored text on a dark background, handwritten or printed in casual/decorative fonts, decorated with a background pattern, or designed with both vertical and horizontal text.
- Scan may fail if business card is printed in light-colored text on a light background, printed in italics or extremely small fonts, decorated with a logo or logo-like text, printed on a glossy paper or other material, or dirty/folded.

Cannot scan text properly

- Scanning over 35 characters at one time may yield poor results.
- Adjust to frame text in [ ]. Letters at the ends may be distorted.
